What Others Are Saying

I injured my knee and was in terrible pain and had to take a lot of medicines and had to get around with crutches. In addition I was depressed, because I lost my ability to be active and mobile. My x-rays and news was not good and the doctor said there was not much if any cartilage left in my knee. My meniscus was torn. The afternoon before I went to get the results of the MRI, I came into Karen's shop to take care of business, she prayed and layed hands on me that I would not have to have surgery. When I saw the doctor, she had a puzzled look on her face and said, "If I weren't sure of your age, I would swear that this was the MRI of a much younger woman. This does not look to be the knee of a 52 year old woman. This knee is good." To God Be The Glory! Thank you for allowing God to use you. Mrs. J.D. McCall

Karen, I wanted to let you know that you prayed for my knee in 2006 because I had a torn ACL. In sports medicine, this injury requires surgery. I wanted you to know that I am completely healed and had NO SURGERY. Thank God for you, for you are truly a gift to the body of Christ. -- Coach Will Rankin

I travel 92 miles round trip for my life coaching sessions. I actually believe they are life saving sessions. Over the past 18 years, I've seen 7 different psycho-therapist with really minimal results. I was in survival mode and that's how I was used to living -- just surviving. Pastor Karen, by God's hand has been able to demolish layers and restore in a short period of time. Now, I am living and experiencing LIFE. -- Tiffany, Baltimore, MD
