

ST. THERESA SCHOOL

January 26, 2017

Dear Parents,

This afternoon your child will be bringing home his/her re-enrollment form for next year.

The registration fee is \$150/student which we will automatically bill to your Smart account.

However, **if you re-enroll by Open House this Sunday, you will receive a \$25 discount per child on your registration fee making the fee \$125/student! This offer ends at the end of Open House on Sunday**, so be sure you re-enroll today!

To re-enroll, simply:

- 1) review the information on the form your child brought home
- 2) fill in any missing information
- 3) correct any incorrect information
- 4) Preschool - please indicate day choices
- 5) sign it
- 6) return it to school in your child's backpack or at Open House on Sunday

To enroll a sibling for the first time:

- 1) request an application form from the office - we can send it home in a child's backpack - or
- 2) apply online [here](#)

Note: There is no \$25 application fee for siblings!

We are very excited about all that is occurring here at St. Theresa School and we are really looking forward to a vibrant school year!

In Construction...

We will be starting Phase II of the construction process in just a few weeks this spring. More on this to come, but the key feature of this part of the project is the renovation of *every* classroom in the building with new ceilings, lighting, floors, and doors and the renovation of the hallways and washrooms. It also includes the construction of our new library. Students will be returning in August to essentially a brand new building. Wow!

In the Curriculum...

As announced at Christmas, we will be adding formal Spanish to the K-5th grade curriculum. We will also be adding laboratory science instruction in grades 1-5 in the new elementary science lab. Students in all grades will have enhanced instruction in the arts. Watch for more detailed information on the curriculum this spring.

In the Classroom...

We will be offering two sections of each grade including a new second section of 3rd grade and a second section of 4th grade. We will also be adding a second aide to kindergarten so each kindergarten classroom has a full time aide.

In the Calendar...

The calendar is *changing back* to our traditional calendar - start before Labor Day, two weeks at Christmas, etc. We've made one great addition - a second opportunity for Parent-Teacher conferences in February. And we've reduced the number of drive days...phew! [Click here for the 2017-18 Parent Calendar](#)

In the Tuition...

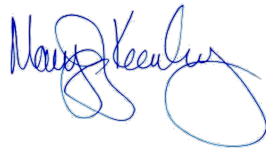

Fr. Tim continues to communicate the love and support of the parish for the formation of its children in the school and religious education programs by keeping tuition costs down and keeping these programs affordable for those who truly want a Catholic education for their children. The tuition schedule will be announced shortly and will demonstrate very modest increases in the tuition. At the same time, the financial assistance application process will open for those who desire to apply.

Watch for this information coming very soon.

We are so grateful to our donors and to everyone who made the developments in our program possible - we are just so unbelievably excited about what will be occurring. **Be part of the next era of St. Theresa Parish School by returning your re-enrollment forms right away!** Solid enrollment numbers only strengthens our programming and helps us plan for the upcoming school year. Please return your forms right away. We will have an extra set of forms available at Open House if you need them.

Looking forward to a great school year to come,

Mary J. Keenley, Principal
