Congratulations and welcome to the exciting world of book publishing!

You have worked long and hard to complete your manuscript, and now it is time to turn it into a book. Like most authors you are now faced with one or two options to achieve your publishing dream: the traditional publishing route or the self-publishing route.

Ideally you would submit your manuscript to a publishing house; they would in turn review your submission and if approved, offer you a publishing deal. In reality, the vast majority of qualified manuscripts received from new authors ultimately get rejected due to the authors’ lack of sales history. If you choose to self-publish your book instead, you have the option to pay a publishing service to help bring your book to market. They will take your manuscript, lay out your book, create a custom cover and make your title available for ordering.

Anointed Press Publishers bridges both worlds. If you choose to self-publish with us, we’ll prepare your manuscript into a professionally formatted book

that will stand up to the quality of traditionally published titles. We also make your book available for purchase to over 25,000 booksellers worldwide and prepare your press release for distribution to over 3,000 magazines, newspapers, and other media outlets. This means that we can drastically increase your chances of getting noticed!

We know that it is both exciting and scary to publish your own book, so we walk you through every step of the process so that the end result is a book you will be proud to sell and share with the world. We specialize in short-run printing for self-published authors. From book printing to binding, Anointed Press Publishers has a solution for all your self-publishing needs to help make your dream of becoming a published author a reality.

What Makes Us Different - A lot of publishing companies have attractive up-front fees, only for you to find out that it is not what you thought. We don’t make money on your books and your royalties belong to you. Other publishing companies, give you a discount off of the retail price of the books you buy from them and then when customers purchase your book, they still make money on each book sold. **Anointed Press Publishers works for you by offering authors wholesale book printing prices.** In addition, our authors retain 60%, while we receive 40% of the online sales. Because we believe that your presentage should be higher and that is what you get from Anointed Press Publishers.

We hope you will join our great family of Christian authors!

WE PUT YOU ON THE ROAD TO SUCCESS!

Anointed Press Publishers is a publishing company that is helping many Christian authors get published. We put authors on the road to success with our industry-leading book publishing services and unmatched marketing services. We also get your book into the hands of readers through our reliable network of 25,000 bookstores, press release distribution, plus online retailers - Amazon and Barnes & Noble.

Authors Rights: (1) You will retain 100% of the rights to your manuscript. (2) You retain creative control over the project; you get to decide how you want the cover and interior of your book to look. (3) Sign non-exclusive publishing agreement; in other words, you will be free to switch to another publisher at any time. (NOTE: Once publisher turns manuscript into a book, that file belongs to publisher.)

1 SEND US YOUR MANUSCRIPT

It's easy! Provide us with your manuscript - print or digital - and we'll take it from there. **We need a soft copy and a hard copy to get started.** We make it a cinch to get published. There's no waiting and no editorial committee to convince. Anointed Press Publishers is not in the business of rejecting authors. We want to help you get published. And unlike other publishers who may try to change or compromise your message, we let you control the message inside your book. It won't be long and your book will be ready for sale!

The Lord led me to Anointed Press Publishers (APP) and I'm glad that I obeyed Him. I was new to the world of publishing and this was my first book. APP was quite professional and led me through the process of getting my book published. I was consulted on every detail and was able to make the decisions on how I wanted my book to look. I have spoken to several people about APP and have recommended them to seek APP's services.

WE TURN YOUR MANUSCRIPT INTO A BOOK

Anointed Press Publishers has a team of publishing professionals to make your book shine. After you send us your manuscript, our designers and typesetters go to work. We'll design a beautiful book cover, based on your suggestions, and we'll format the inside of your book to look just like books you see in the bookstores. Don't let amateurs format the book you worked so hard to write! Let the professionals at Anointed Press Publishers turn your manuscript into a book that you'll be proud to show your family and friends.

My Christian publishing search began with another publishing company and a process that extended over 12 months. But I am grateful to Anointed Press Publishers, who with compassion, precision, guidance, and integrity printed my first book in fewer than 4 months. There was no delays to overcome, no hidden agendas to discover, no fine print to read. What a blessed beginning but I am excited for the greater glory that is to come!

What Makes Us Different

Anointed Press Publishers works for you to get you the best price on your book printing. We DO NOT give you a discount on the retail price of your book, *all authors receive wholesale book printing prices.*

This gives you the opportunity to make the most revenue on the books you sell.

My experience with Anointed Press publishing my book was a wonderful experience because prior to me starting this process, I heard horror stories from other authors that published with other companies. Ms Presley was very informative through the different stages and she made me feel comfortable in knowing that once I completed my book, that I would be guided in the right direction. She also made several suggestions to ensure that the end result would be a good product. All in all, her passion for what she does to help others succeed is evident based on the energy she puts into the work.

Archie R. Beslow, Author *The Parent. The Coach. The Mentor.*
