To Whom It May Concern,

It is my absolute pleasure to write this reference for Jonathan Carey, a truly exceptional leader whom God has gifted with the ability to train and equip leaders across the globe. Jonathan's training is insightful, relevant, and highly practical, making it impactful for leaders at every level, from those just stepping into leadership roles to seasoned leaders seeking to grow further.

Jonathan's enthusiasm and passion for developing leaders are not only inspiring but also contagious. He has a remarkable ability to ignite a desire for growth in others, and his humility and love for the Lord shine through in everything he does. Our mission organization, Won By One to Jamaica, has had the privilege of working closely with Jonathan, and the results have been transformative.

Through Jonathan's efforts, over 100 leaders have been developed within our small community. He has equipped our staff with the tools they need to lead effectively, empowered community leaders to make a lasting impact, and trained more than 50 individuals in our area to serve as Chaplains in emergency response management. His ability to speak directly to the heart is unparalleled, and the demand for his training continues to grow as our leaders consistently ask for more of his time and expertise.

If you are seeking someone to help develop leaders within your organization or community, I cannot recommend Jonathan Carey highly enough. His unique combination of humility, wisdom, and practical insight makes him an invaluable asset to any team or mission.

Please do not hesitate to contact me if you would like further information or specific examples of Jonathan's exceptional work.

Sincerely,
Dr. Bryan L. Fellers
