Dr. Katheryn A. Jones: Helping People Discover Their Destiny

Purpose drives the message and mission of Dr. Katheryn A. Jones. As a speaker, author, master life coach, and business consultant, she dedicates her work through Destiny Global Enterprises, LLC to women and leaders to empower them to reclaim or identify their purpose and pursue their destiny with clarity, excellence, and impact.

Based in Atlanta, Georgia, Katheryn brings more than 20 years of professional experience in leadership, education, and strategic planning. Her career includes service as a Budget Analyst with the Government's Tank Automotive Command (TACOM), leadership roles at Fortune 500 company Allstate Insurance Company in claims, education, leadership, and disaster preparedness, and work as an Associate Consultant with Global Strategic Partnerships, LLC.

Her most powerful work grew from personal transformation.

A breast cancer survivor who also experienced the sudden loss of her job after 20 years of service, Katheryn faced a defining season that required courage, faith, and vision. Rather than allowing hardship to determine her future, she chose to transform adversity into a mission that would serve others.

That decision led her to establish **Destiny Global Enterprises, LLC** and to re-establish **Destiny Family Services** as a community development corporation dedicated to uplifting underserved communities. Through Destiny Family Services, CDC this organization provides counseling, workshops, group therapy and job preparedness (youth) for homeless women and at-risk youth facing poverty, truancy, and other socio-economic challenges.
