

PRAYER FOR STRENGTH -- #1

Good Morning Father. Thank you for Love and Strength, and for the strength to continue loving when it is hard to do. Thank you for your sustaining power in our lives, and for your grace that carries us through every trial. Lift up our hearts with hope this day, and help us to greet each challenge and each opportunity with open hearts and open minds. Help us to grow in wisdom and in understanding, and give us reasons to rejoice when the day is done. In Jesus name, Amen.
