Preparing clothing and accessory items

-Check over each item for stains or holes. We do not accept items with stains or holes or missing buttons or broken zippers. Place the item on a hanger and fasten all zippers, buttons, or snaps. Hangers will look like a question mark when hung correctly. Check that all items are hung properly.

-Please read the following examples: **Secure shirts** by placing duct tape on both sides on the top of the hanger. Hang the shirt on the hanger and pin the shirt through the duct tape on both sides. **Secure pants** by using duct tape at the top of the hanger and pinning the pants through the duct tape. **Outfits** will need to be pinned together by pinning the pants directly to the hanger. If you pin the pants to the shirt, it will create a hole in your item. **Do not** place the pants under the outfit because the buyer will need to observe item. You may hang the shirt on one hanger and the pants on another hanger and fasten the hangers with a **zip tie**.

-Make sure all items are secure and tagged properly. If an item is separated from the hanger, we cannot sell the item.

-Accessories and shoes can be placed in **Ziploc bags** to sell. Use a permanent Sharpie marker to label the bag with your seller ID number and item number. Items being sold together must be the same size. Baby onesies can be placed in Ziploc bags.

Preparing large items

- Check that items have not been **recalled**. Use the following website to find information on recalled items: <https://www.cpsc.gov/> . You could also Google the item by entering the brand name, item, and manufacture information located on the item.

-All parts must be included and batteries must be installed in the item. All large items must be assembled at the sale. Small parts or accessories for the large item can be placed in a Ziploc bag labeled with the seller information. Attach the bag to the large item by using a zip tie.

- **Items must be clean and must work properly. Thoroughly clean the item before consigning it.**

Labeling Tags

- Go to <http://hcsww.org/Little-Lambs-Closet> and click on “Item Entry and Tag Printing” and next “Work with Active Inventory”. NEW – mobile and voice entry !

- Choose a category that best fits your item. If you cannot find an accurate category, we might not be accepting that type of item. Feel free to send an email to littlelambscloset@hcsww.org if you have questions.

-Enter the size next. Choose ‘Leave Blank’ for non-sized items like high chairs or hair accessories. **Only maternity clothing can be sized small, medium, or large.** Children’s clothing must have a number for the size. For example: If a boy’s shirt is labeled medium, check the tag to identify if a medium shirt is size 6-8, size 8, or size 8-10.

-When writing the description, be very specific. Do not write pink shirt. Example- Old Navy pink shirt with a cat and dog. This is for your benefit and our benefit as well. If your tag is removed from the item, the accurate description will help us identify the item.

-Price your item accordingly and be realistic. If you paid full price for girl’s jeans (\$16.00) and see the sale price as \$8.00, a price of \$6.00 would be too much.

- The quantity category will be label 1 unless you are selling multiples of the exact same item. This section doesn’t indicate the pieces to an outfit.

- Check the **discounted box** for unsold items to be marked 50% on Saturday.

- Check the **donate box** for unsold items to be donated at the end of the sale.

- Click **Submit item** to save the item and repeat the process to enter the next item.

Printing Tags

- Log in to your account to print all tags or some tags. If you need **to print all tags**, click on the **Print All Tags button**. If you only need to print some of the tags, click

on the Print Selected Tags button. From there, you can click the Print All Unprinted Tags button. If you only need to reprint a few tags that were incorrect, you changed the price, etc., you can check off just those tags and then click the Print Selected Tags button.

-Printing your tags on card stock is recommended. The thick paper makes the tags less likely to come loose as people look through them on the full clothing racks.

-DO NOT adjust the printer settings on your printer to fit more tags on a page or make them smaller to save on ink. Tags will print 6 per page. Also, print in “regular quality” and not in “best” or “high quality” mode as the higher quality can distort the bar codes **this will cause the bar codes to not scan at checkout.** Having the tags scan easily is very important during the checkout process. It is very time consuming to hand key-in the tag information and makes the lines longer.

-Please check Facebook for pictures to help.

Attaching Tags to Items

* If you notice a tag is incorrect or you decide you want to change something on the tag after it has already been printed. DO NOT attempt to alter the tag. **You MUST print a new tag.**

Clothing - Tags need to be attached with **safety pins**. NO straight pins are allowed. Attach the tags with safety pins horizontally, not vertically. Place tags on the left shoulder (right side if looking at the front of the item). If you have an item made of delicate material or raincoat material and pinning a tag to the material will make holes in the item, you may pin the tag to the sizing tag of the item if it has a sizing tag.

Shoes - Tape a tag to the outside of the Ziploc bag with packing tape. Please write the seller number on the bag in case the tag is removed. Use clear packaging tape to attach tags. No Duct Tape.

Accessories – Place item in bag and attach the tag to the front of the bag with packing tape in the same manner as you would for shoes. Any items not in bags (such as a hat, diaper bag or baby carrier) you can carefully pin the tag to the item. For plastic items (like a bottle sterilizer) locate a flat spot where the tag is very visible and attach the tag with clear packaging tape.

Large items – Car seats, strollers, pack n plays, swings, etc. Attach a tag to your item. Use clear packaging tape. Please locate a spot on the large item to place the tag where the shopper will easily locate the tag.

Dropping off your items

-Your scheduled drop-off time is the time you are to be IN the building with all your items ready to be checked-in for the sale. If you are late, this will cause other people to wait longer for their scheduled drop off appointments. When you arrive, please stop at the check-in table and you will receive instructions.

-**You will need to be present for the entire process** in case we have any questions about your items

Seller/Volunteer Early Shopping

-If you participate in the sale by either selling and/or volunteering, you can shop on Thursday evening. Anyone can volunteer. You do not need to be a seller to volunteer.

-Each shift is three hours long. Please check our website <http://hcsww.org/Little-Lambs-Closet> for available times by clicking on the Worker Registration link under the Volunteers section.

Early Shopping Schedule

4:00pm – 7:00pm	Volunteer for 3 three-hour shifts (one shift must be on Saturday)
5:00pm – 7:00pm	Sell AND Volunteer OR just volunteer for 2 three-hour shifts
6:00pm – 7:00pm	Sell OR volunteer for only 1 three-hour shift.

You CANNOT bring your friend, mother, husband, etc. If you want someone to shop with you for any reason they MUST participate in volunteering the same amount of time as you. For example: you volunteer for three shifts, so you can shop at 4:00 pm. Your friend is just selling, so they cannot shop until 6:00pm. If you want to be able to shop together, your friend would have to volunteer for three shifts.

Volunteer Responsibilities

Tuesday, Wednesday, & Thursday- Check items for holes or stains and that all items are clean and/or working properly. Place items in designated areas for the sale.

Friday or Saturday Morning – Bag items at checkout, help pickup items on the floor and keep items organized. Help customers in the “big items” area and find items

they are looking for to purchase. Help with line control. Saturday morning will involve condensing the racks as the merchandise is reduced.

Saturday afternoon – Help sort unsold items for the seller to pick up later that day. Tear down and put away racks. Organize supplies for the next sale.

* If you volunteer for a shift, we expect you to be there. Please arrive 15 minutes before your scheduled shift for a brief meeting to discuss volunteer responsibilities and discuss any questions you may have.

Picking up unsold items

-If you do not donate all your unsold items, you will need to pick them up on Saturday **between 3 & 4 pm**. Do NOT come earlier than 3:00 pm. Sellers coming in early will only delay the process. Do NOT come after 4:00 pm. Thank you in advance for being diligent and arriving on time.

-If you cannot pick up your items, you must plan for someone to pick up the items for you. We cannot hold any items for pick up at a different time. **All items not picked up by 4:00 will be donated.**

- Also please check the lost and found area for items that lost a tag or outfits that may have been separated. Sellers will not be compensated for any lost or stolen items. We will be diligent to watch your items very carefully during the sale.

- Please bring totes, boxes, or bags to collect any unsold items. These items will not be provided.

Checks

-Checks will be ready on Tuesday, September 18, at Heritage Christian School in Bridgeport, WV. Checks can be picked up during school hours at the main office. If you have not picked up your check by Friday afternoon, it will be mailed to the address on file.

Thank you for being a part of this wonderful ministry!

He tends his flock like a shepherd:
He gathers the lambs in his arms and
carries them close to his heart;
He gently leads those that have young.
