We will have the middle school staff as well as myself there to help get you up to speed on our middle school program. If you know of other people who are possibly interested in Heritage Christian School as an option for middle school education, please have them come along with you. And if you have any questions about the meeting, feel free to email me at mrsMohr90@gmail.com.

SCHOOL CHOICE

During the week of January 20-26, Heritage Christian School will join more than 20,000 schools across America in celebrating National School Choice Week (NSCW). School choice means giving parents access to the best K-12 education options for their children. These options include traditional public schools, public charter schools, magnet schools, private schools, online academies, and homeschooling.

National School Choice Week provides all types of schools with an opportunity to celebrate the positive work that they do and to spotlight students, parents, teachers, and school staff. The celebration is nonpartisan and nonpolitical, and it is not designed to advocate for or against any legislation or public policy. The main purpose of National School Choice Week is to raise awareness of parental rights in the area of education.

Here at Heritage Christian School, we are incredibly thankful to the parents who have chosen our school for their children. NSCW is a time to express this gratitude.

We encourage all of our parents and supporters to join us in spreading the positive news about Heritage Christian School during NSCW. Many families use NSCW to look into their school options and we want them to know that Heritage Christian School may be a great fit for them.

If you use social media, consider sharing stories about why your family has chosen HCS and use the hashtag #schoolchoice.
