## TAKING YOUR SHOT

Hogs often grow a “plate” over the front quarter of their body that makes effective heart and lung shots difficult.

- Head shots to the ear with a large caliber rifle are the preferred method of harvest.
- Shotguns are not recommended

## MANHOOD DISCUSSIONS

- During our three days together, we will gather as a group to conduct our “Manhood Discussions”
- These discussions are simply an authentic and transparent conversation about what it means to be a Christian man.
- Topics may range from hunting, work, fatherhood and women to leadership, sports and everyday life.
- These are Not Bible Studies, They’re Not Devotions and They’re Not Sermons.
- Every man on the retreat is respectfully asked to be present
