

FRIDAY NIGHT WITH JESUS

Tonight (**09/11**), join us online (Facebook: Calvary Inverness) , or IN PERSON @ 7:00pm, as we follow the personal ministry of Jesus through the Gospels.

We are in **Mark 3:1-35**, following Jesus as He continues His mission of seeking and saving the lost.

Jesus had come at a time when people were distressed, discouraged and depressed about life. Hopelessness was rampant. Everyday brought another reason for people to simply give up.

It was during this time that God sent His messenger, John the Baptist, to prepare people for the dawning of a new day. A time when they would be able to look to a man who would be able to deliver them from hopelessness and despair.

Mark tells us that man was “Jesus Christ, the Son of God”. And, that He had come to save people, not only from their distress but also from a disease that, if not dealt with, would end up destroying them from the inside out.

The good news of Jesus was the message of hope the world needed. It was the power of God unto salvation for all those who would have placed their faith in Him.

And, today, it still has the potential to transform all those who turn to Him, in faith, during this world-wide time of discouragement, depression and distress.

Look forward to sharing this with you.

Blessings,
Pastor
