About Me

Hello! My name is Ms. Hanna Harris and I'm very excited to be starting Sabre Studio this year! I recently graduated and have been doing theater for most of my life. This is my first year working at Saint Albert and I am very excited to start this program. Theater has had a big impact on my life and has made me into the person I am today. I'm hoping that this program will impact kids lives the way it impacted mine.

What is Sabre Studio?

Sabre Studio is a place that will allow students to expand their knowledge about theater and participate in theater activities. We will be playing theater games, doing skits, learning new acting skills and even working on a short performance that we will have the chance to perform. This program will give students the chance to try something new and to step out of their comfort zones.

Class Options

I understand that some people love performing while others love being behind the scenes. So, we are offering two different classes!

Option 1 - The first option is the student being pulled out of class during the day to work on things such as sets and costumes. Students will be pulled out of class every Thursday to learn about theater and what it means to help out backstage while also playing theater games and learning new skills.

Option 2 - The second option is for students to not only take part in the afternoon class but to also take part in the actual performance. Students who chose this option will be pulled out of class every Thursday but will also stay after school on Thursdays from 3-4 to practice a show that we will then perform for an audience.
