

Speaking Hope to the World

February 2022

Dear Friends,

In December Tom and I made a quick trip to TWR's Cary, NC office for me to participate in Strategic Initiatives and Partnership meetings, particularly the newly formed orality team, of which I am excited to be a member. I also attended an orality awareness training, learning how important it is to share the Word of God with people living in predominately oral cultures using the most effective method. Oral communication is more than just transferring information verbally instead of through written means, it involves understanding the culture and worldview of the audience. It is also bringing God's Word to places where no Bible exists in the local language so that the hearer understands the message and will come to Jesus for salvation and embrace biblical principles in their daily lives. TWR is uniquely poised to do that through radio and by providing audio content as a companion ministry to missionaries working on the ground. Several days of additional training is planned for March. Please pray for me as I attend this upcoming training session.

From the sign I am standing next to in the photo we learn that 21% of Americans do not speak English at home. TWR's online ministry, TWR360, [www.twr360.org](http://www.twr360.org), providing programming in over 100 languages, is as important in the US as it is elsewhere. Please join with me in praying for TWR360's ministry.

Please pray for Tom as he keeps busy at our church, where he serves as an elder, filling in for the pastor as the need arises, and is now also teaching the Adult Sunday School class.

Your participation with us through your prayers and giving is so vital. Thank you for your continued interest in TWR and in us.

Blessings,

*Peggy*
