

A medical clinic, parenting classes and a material resource center are the tools we use each day at Care Net to bring God's love, compassion and message of forgiveness to the women and men of the EUP facing unplanned pregnancies or considering abortion.

Since 1982, Care Net Pregnancy Center has sought to provide truth and support to those in Chippewa, Luce and Mackinac Counties by confidentially and quietly helping them to cope with the stresses and uncertainties unplanned pregnancies can bring. One-on-one time with trained advocates builds relationships where clients feel safe asking questions or admitting fears. A well-supplied Mart helps struggling parents provide much needed clothing, diapers, food and other items for their child. Professional and current parenting classes teach women and men how to be the parents – and adults – they need to be to raise healthy, happy children.

We provide all of these services free of charge to anyone with children ages 4 and under. We don't receive government grants or take insurance. Thus, we depend on partners like you to help fund this ministry. Our budget for 2019 is approximately \$88,000. This means we need approximately \$1690 per week to operate the center. While few of us could do this individually, as a community we can reach each woman or man that thinks abortion is the answer to her or his current problem.

Please help us to reach each person considering abortion. Make a donation at your church on ***Caring for Care Net Sunday***.

How would my monthly donation help?

At \$20 per month per year, I will contribute \$240 per year.

This covers the cost of 2 ultrasound appointments!

At \$30 per month per year, I will contribute \$360 per year.

This equates to the cost of a baby crib!

At \$50 per month per year, I will contribute \$600 per year.

This equates to the cost of annual updates for parenting education materials!

At \$100 per month per year, I will contribute \$1200 per year.

This equates to the cost of maintenance for the ultrasound machine and medical clinic supplies!

At \$140 per month per year, I will cover Care Net's expenses for an entire week!
