

WHAT WE FACE. WHAT WE FEAR.  
WHAT WE FIGHT. WHAT WE FIND FASCINATING.

All of these "What we's"  
determine the scope of our manhood.  
In this read, Jesus jolts us into superlative  
manhood with His divine growth MANagement  
program. *Onward to Manhood* spurs the reader  
to uncommon feats by guiding them to launch  
patterns of dependability, unlock boundless  
creativity and unleash relentless productivity!  
For generations to come, bunches (brothers,  
uncles, nephews, cousins, husbands and  
especially sons) will profit from  
this project.
