

ABOUT US

A photograph of a smiling family of three—a woman, a young girl, and a man—all wearing military-style caps. They are posed in front of a large American flag. The woman is on the left, the girl is in the center, and the man is on the right. They are all smiling warmly at the camera. The image has a patriotic theme, with the flag's stars and stripes clearly visible in the background.

**Welcome to the American Heroes Community together we are
Honoring the Children of our Fallen Heroes!**

This home is 1,833 square foot home site. It sits on a one acre

**Welcome to the first dedicated National Village.
Honoring the American Heroes.**

By going through our website you have the opportunity to freeze today's log cabin prices. By pre-ordering your log cabin, securing your one acre lot and paying the administration cost to secure your home on a 586 acre community. We only have 140 home sites. Today, is your day to secure a place in history. Yes, You will need to deposit \$25,000.00 to secure your home and become part of the first National Hero Village in America. We are supporting the American Heroes who defended our communities and/or country in the name of FREEDOM.

Please allow us to introduce you to the Children Dreamwish Village honoring the children and the American Heroes and the families of our Fallen Heroes. As a courtesy when you donate any amount to help us achieve our goals you will receive a letter of donation.

You have the option to donate any amount toward the over all price of \$35,000,000.00 build out for this project.

We are opening a new site where you can pre-order your log cabin dream home in our new Children Dreamwish Village site. The site is on the top ridge of the Smoky Mountains over looking the Children's Dreamwish Village just outside the beautiful area of Pigeon Forge and Gatlinburg, Tennessee. The 587 acres snuggles in the foot hill of the Great Smoky Mountains sitting eight miles West of Pigeon Forge, Tennessee.

Pets Restrictions and No – Smoking policy in cabins, anywhere inside the Children Dreamwish Village

Companion handicap certified dogs only no other pets allowed.

Smoking is not permitted inside the cabin at any time, in the swimming pool area, atrium, game room, theater room and/or building complex. Violators will be asked to leave. Clean air bill. Respect future guest. The next guest might be allergic to smoke. No smoking in any of our vehicles due to our extra tracking sensors added to each unit.

Each family will receive one cell phone while they are staying at our Children Dreamwish Village and will be issued to the family. They can call anyone free within the United States or utilize our computer network,

The parents have the opportunity to have a night off from the children. Our team of experts will babysit so the parent can have an evening or two to their selves. This is their option.

Freedom Garden

Log Cabin Grocery Store

Large Grocery Chain

We are just now opening up a dialog with both Grocery Chains. We are looking for a super store concept.

The exterior is a log cabin with blue tin roof.

Imagine a large super grocery store in the village to support the restaurants and the home owners.

The core outside look of this massive grocery store will be made out of log cabins with a green tin roof construction.

Freedom Garden

**Introducing
FREEDOM Equestrian
Center**

Our barn and stalls has an open frame with individual stalls inside. There are only 15 stalls.
Our barn will be on top of the hill over looking the cabins.

The west side of the driveway opposite side of the cabin is the end of the fence line where the horses can stand and you will be able to pet them.

This will be two four (4) acres of pastor land. One on each side of the barn to cut for hay.

**Introducing
FREEDOM Equestrian
Center**

Two 7130 John Deere tractors.

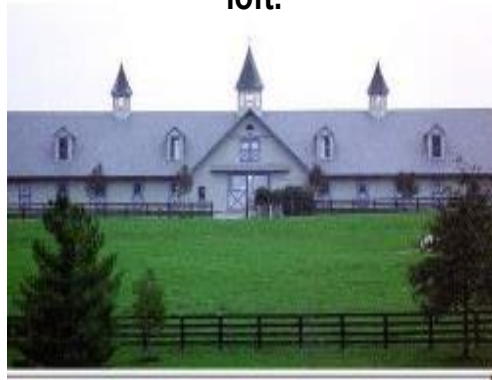

**Each tractor has the ability to use a backhoe, front end bucket and attachment for our riding lawn mower.
Heat and Air Conditioner**

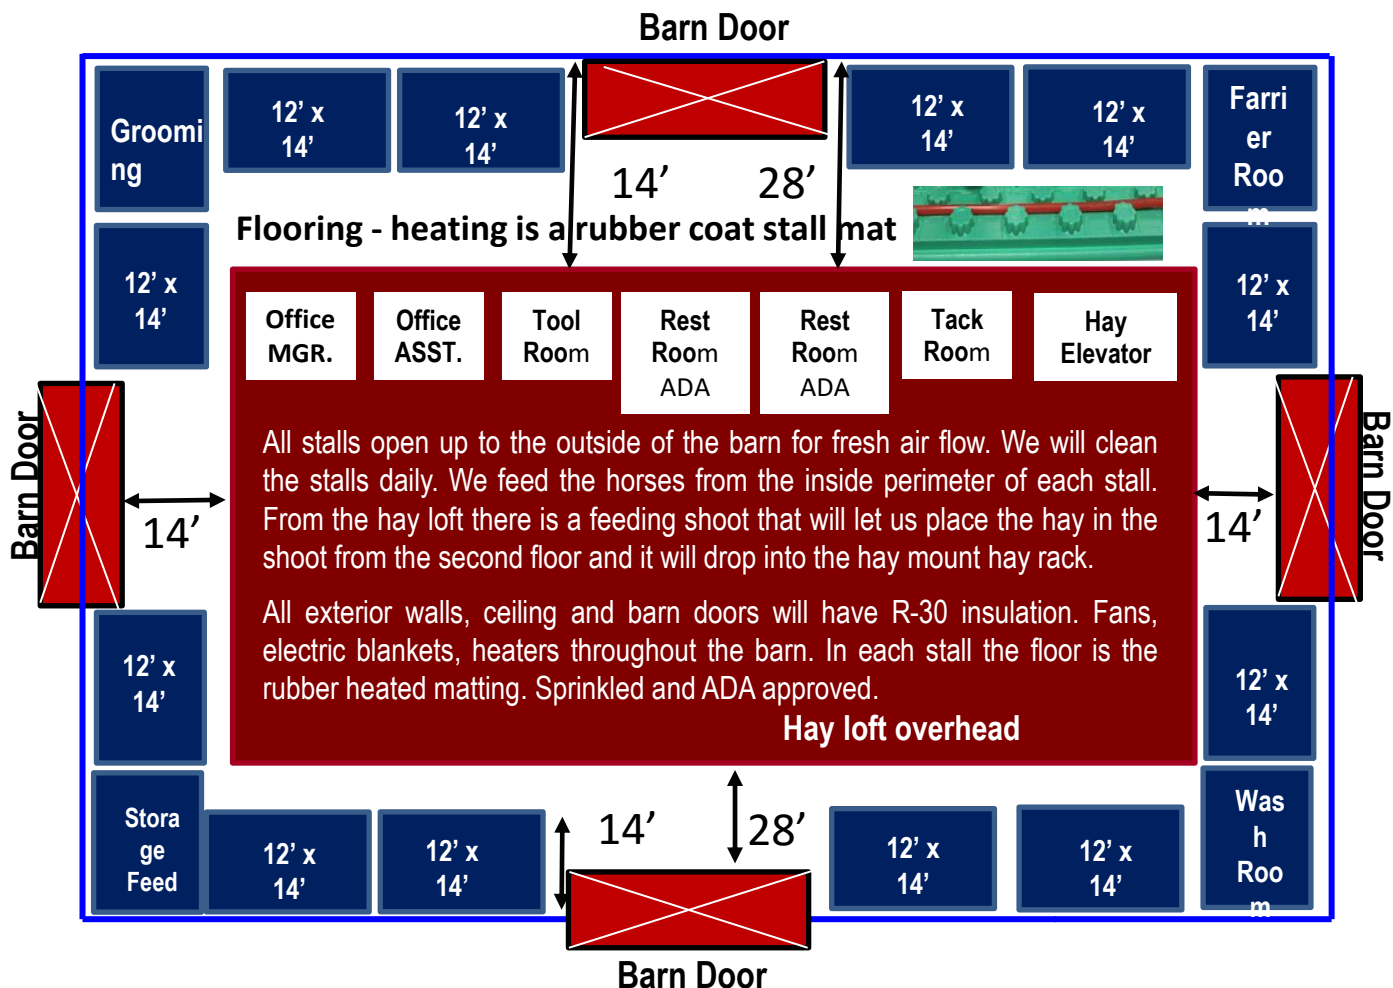

A photograph showing a row of horses in a stable. The horses are looking out from their stalls, which have wooden doors and metal grates. The stable is made of light blue corrugated metal siding. The horses are of various colors, including white, brown, and black. The scene is set outdoors with a green lawn in the foreground.

The barn is sprinkled Ceiling fans, Heaters

Barn with second floor hay loft.

The barn is sprinkled Ceiling fans, Heaters

American Eagle Children Dreamwish Foundation
A National Certified 501(c) 3 and IRS/IRC Section 170

The explanation; how our research has developed into a National nonprofit research center for the children and family members who were left behind!

Initial Build out
Required to Support
Project!

**Tower is lit up during
night time hours.
2 in the area**

75' in the air. Water Tower – The Water Tower will be lit up at night - holds 250,000 gallons minimum of water on top with a fire pump that will pump four 2,000 gallon deck guns in a semi fog/straight tip 2 inch nozzle crossing pattern. Controls wild fire and amber ashes flying in the air.

The extra water will be pumped into the tank by our 12 – 10,000 gallon water cistern units. The holding cisterns will feed the water tower. The water will be gravity feed downward pressure to 14.7 PSI and then regulated to 4 PSI for water flow to regulate dish washers, wash machines and yard sprinkler systems.

Our water hydrants throughout the property are tied into the water tower. If we need to activate the city water source all we have to do is push a switch and switch over.

We will also have a lake two (2) 25 feet deep by 50' x 200' feet retention ponds with two fountains. Extra water source. We are going to bring in beach sand paddle boat, rafts and canoes only. No power boats. Our lifeguards will use jets skies for rescue only.

We will have a loop system design for our fire hydrants.

There are twelve (12) planned turbine wind mills to produce electricity for our property.

This will give us a IRS tax break plus producing electricity. Tennessee Valley Authority will have to pay us for producing electricity back into the electrical grid.

Once we start receiving additional income from these initial six wind mills than we might consider additional wind mills to bring in positive cash flow. These windmills will be throughout the horse pastors on top of the mountain.

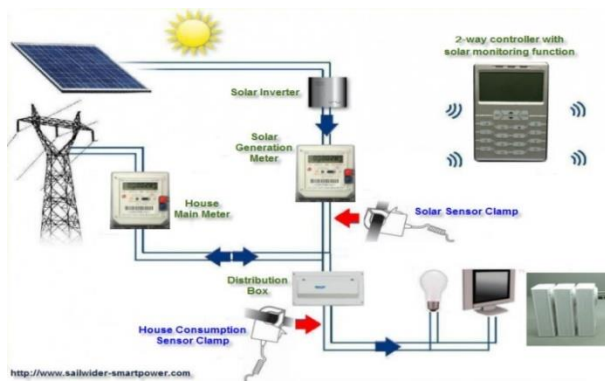

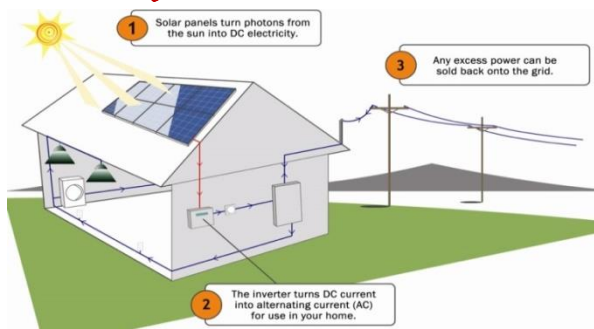

American Eagle Children Dreamwish Foundation

A National Certified 501(c) 3 and IRS/IRC Section 170 Nonprofit Organization - CH-44431

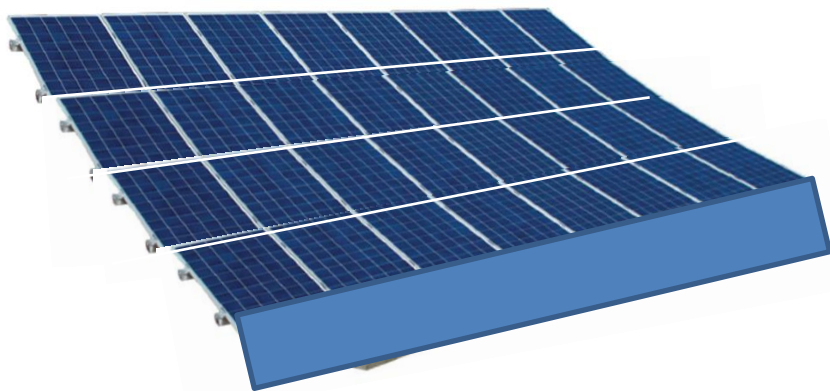

To protect and serve the children of our American Heroes!

The explanation; how our research has developed into a National nonprofit research center for the children and family members who were left behind!

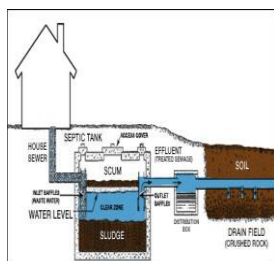

Initial Build out Required to Support Project!

The cost of a solar panel package for each cabin is about \$6,000.00 per unit. This include labor, material and conversion power unit. We will sell back to TVA electricity.

We will have two acres of solar power panels on our property. Western exposure and on top of each building and cabin optional. The grid will house the power conversion of each unit and will provide heater capability to the swimming pools.

We need 50 different septic tanks that hold 30,000 gallons and 75 drain fields that holds 30,000 drainage field. TBD

Freedom Garden

The swimming pool is regulated by a ramp and the length is determined by the width. Remember a child can still drown and/or get hurt so be vigilant and aware of any situation. One wheelchair on the ramp at all times. All children who are required to wear diapers must do so for the safety of others and themselves.

Please do not contaminate the swimming pool. If this occurs then we must close the swimming pool for a day. We have color detectors that will turn the water a different color when by-product are released in the water.

Any child left unattended will be taken out of the pool for the duration of their stay.

Welcome to our indoor heated handicap 5' deep swimming pool. We will have 10 handicap pool approved wheelchairs.

The bottom of the seat of the chair to the ground is two feet. The child will need to be at least 4 feet tall to use this wheelchair in the swimming pool.

The shallow end will be 3 feet deep and the deep end will only be 5 feet deep.

There is no running or diving allowed in the swimming pool area. Any child caught will not be allowed to swim any more during their stay. This is a strict Insurance policy and we are going to minimize accidents.

Our pool is open from 10:00 AM to 10:00 PM every day. All children must be chaperoned by a parent or legal guardian over the age of 18. The ambient air above the swimming pool will be 76 degrees and the water temperature will be 78 - 82 degrees. The temperature will be monitored during the winter months and will be appropriately programmed.

Please listen to our Life Guards they are certified and trained in CPR, AED and minor first aid. The Swimming pool area will be closed and a security netting and fence will be put up every night. Fresh towels will be given to all guest. When you are a guest at the Children Dreamwish Village all you have to ask for something to eat or drink. No glass or plastic bottles allowed in the swimming pool. We will have a cabana inside the swimming pool area. No alcohol drinks are allowed nor they will be served anywhere on our property in the village.

Shake Jennifer's hand and say hello to her Maintenance Management Team!

Six Bay auto repair station – Wash room, Storage room for support supplies, two oil pits and Large/Small equipment center for repairs.

Freedom Garden

Please allow me to introduce to you the first Freedom Garden that honors all of our American Heroes of any branch of government.

In the name of Freedom we honor the men and women who stood on that wall fighting for our FREEDOM.
We thank them all.

Below is our Butterfly sanctuary that honors the streams, waterfalls, covered bridged and the bricks of our American Heroes and the rescue dogs.

Introducing FREEDOM GARDEN

This area is climate controlled from outside elements. The top roof line is attached from the swimming pool and extends to the back of the cabins. The roof is made out of plastic glass that has a heating element throughout the roof line to melt the snow.

This area is 100 feet wide by 200 feet long. 20,000 square feet of per enjoyment. Through out the area you will have the opportunity to listen to patriotic music, water falls and the babbling brooks. You will be able to play putt putt golf, badminton, shuffleboard and/or stroll through the Freedom Garden and play with the butterfly's.

Every evening enjoy the soft music and incredible light show. As you are relaxing in the Freedom Garden area enjoy some hot dogs, hamburgers and/or some s'mores during our 7:00 pm to 8:30 pm show. Come meet the employees that bring this Freedom Garden Alive. You will see our employees work on special projects throughout the day so stop and talk to them we encourage you to ask questions. I rather pay them to work, but educating the inquisitive child is precious. So ask away!

Freedom Garden

Extra fun items to do at our Children Dreamwish Village.

Each child/family will have the opportunity to plant and/or remix some flowers, pick vegetables from our greenhouse and do not forget we need eggs from our chicken farm for the morning breakfast display and desserts like cakes. You have the opportunity to work along side and/or visit our chief's while her/she creates a menu. You will have the opportunity to play and ride Opie and visit our Ring of Honor. Our horses will amaze you. Our trainers will work beside you every moment. Do not forget the days in the stall. You have to clean up the mess in the barn!

Raine Relaxing.
Is my Arabian Horse

Come meet my horses in our barn or open field area. Watch beauty in motion. Yes, Opie will let you ride her. She is so sweet I have ridden her multiple times. I brought Opie into my cabin one day and she laid down next to me while I was watching TV. Opie thinks she is a dog. (I got yelled at but it was fun)

Our future Chicken Farm.
We will have fresh eggs per day
anyone volunteering to pick them at
05:30 in the morning. Just in time for
the breakfast rush. The restaurant will
also pick fresh vegetables and fruit
from our garden. We grow in our own
supporting the food from our garden
Which is on our property.

Petting Zoo coming soon!

Freedom Garden

The Blue cross members will house our climate control Air conditioner line.

Our Red cross member will house our climate control heating line.

If we grow excess food we will sell it to local grocery locations and we will design a curb side vegetable stand. All the food is paid through out donation network.

150' long

Roof line clips

10" high steel cross member

16" high steel cross member

14" high steel cross member

12" high steel cross member

Gutter system along the base of the structure.

Each corner of the building will house a underground cistern water system from our gutters.

We have four points, each point has a 4,000 gallon water recovery tank that will hold the rain water coming off our roof, The water used inside the Horticulturist food our plant center will have a total of 12,000 gallons of water usage.

During a snow storm our roof line is heated glass that will melt the snow and turning it into water.

30" awning to protect the exit and entrance

Water Recovery tanks

Water Recovery tanks

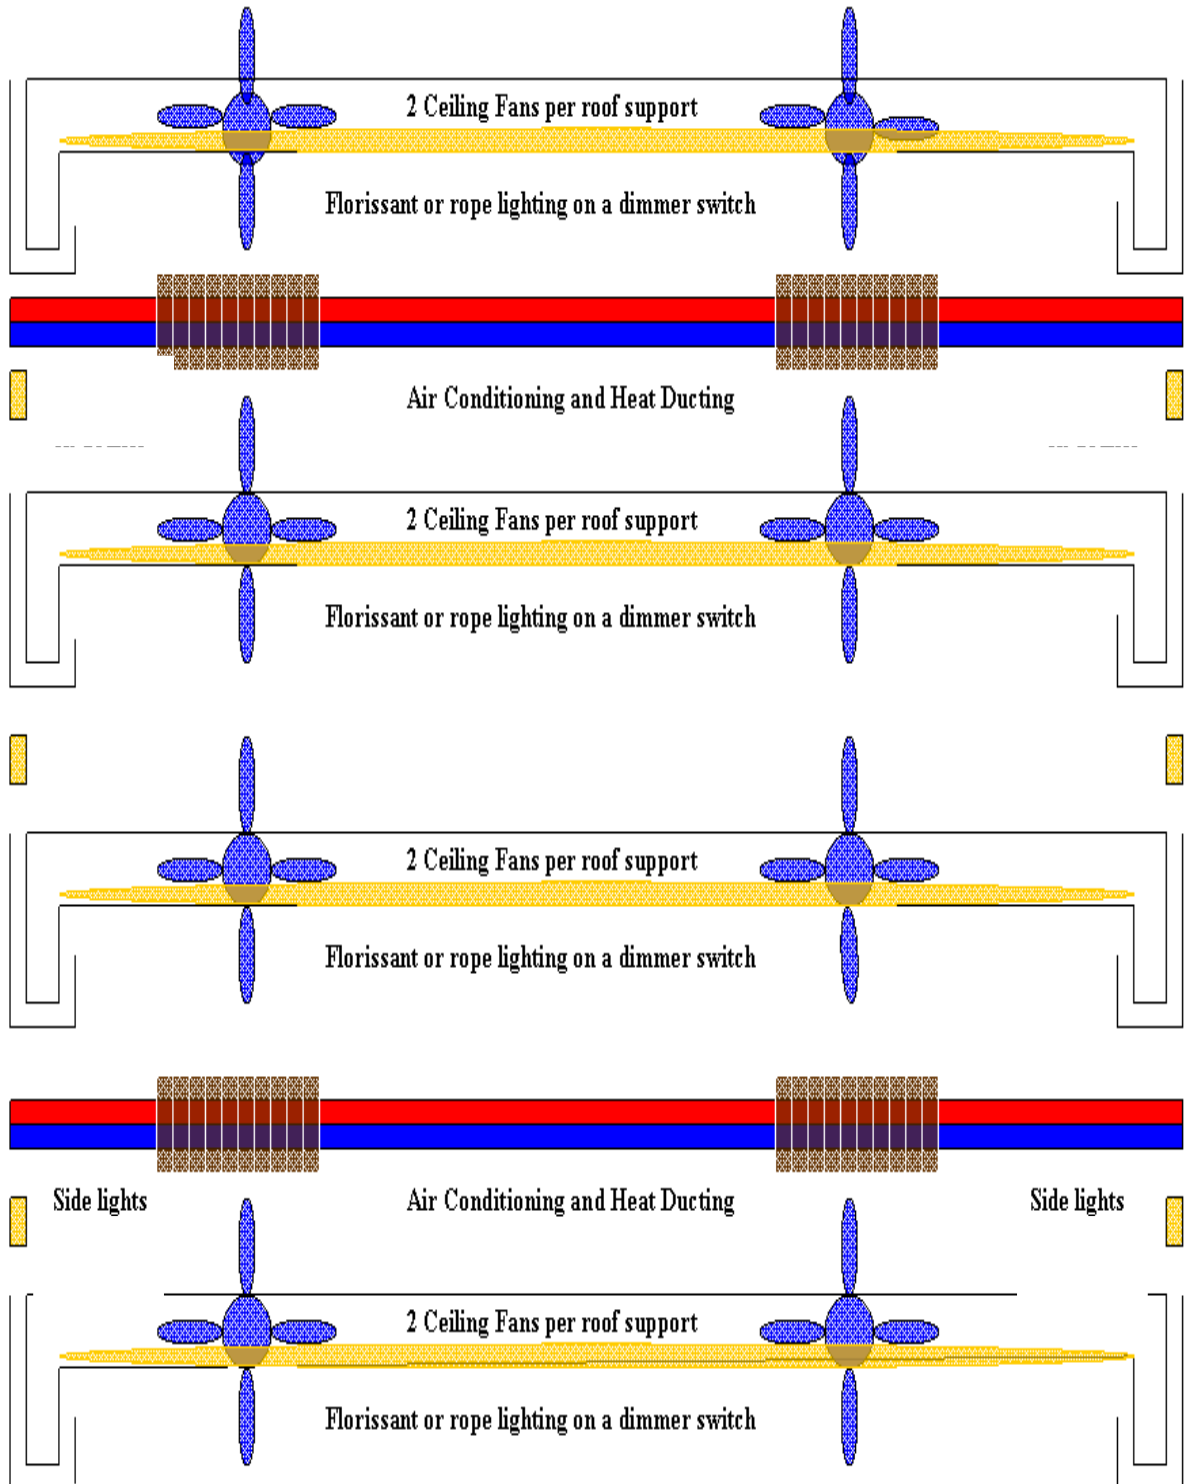

There are two identical glass buildings.
7,500 square foot each
Climate control

One will be our Horticulturist Food Center and the other greenhouse is our Horticulturist Flower Garden to grow all our fresh vegetables year round for our restaurant.

Our outside fenced in garden will grow, cantaloupes, watermelon cabbage, squash and pumpkins,

Freedom Garden

The waterfall and streams is the theme that runs throughout the atrium area between the enclosed heated swimming pool to the back of the cabins.

Through out the open Atrium area and behind the cabin – A sanctuary of calm and peace.

We are planning to have three waterfalls throughout the Freedom Garden area.

We are planning to have four bridges that goes over the streams in the Freedom Garden area.

Through out the pond areas there are four locations to feed our KOI fish.

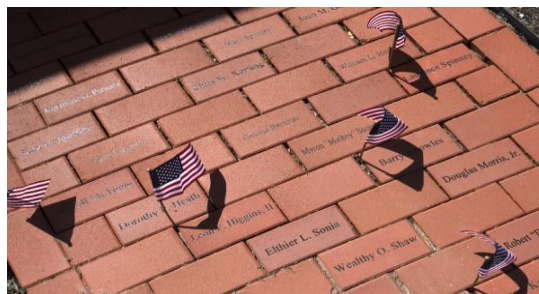

On the south end of Freedom Garden is a cook out barbeque area along with a sitting area. You will be walking on top of Tennessee Stone.

We call this area mother's retreat by honoring my mother. A soft spoken endless water fall with a babbling brook stream like feeling throughout Freedom Garden.

Through out the pond area we will have our brick fundraising campaign in full swing to honor their fallen hero.

Freedom Garden will display the names of the fallen heroes of all branches of the Armed Forces and the Firefighter's, Police Officer's EMS/Rescue personnel, first responders and our American trained dogs. Let us not forget the police officer's, US Military Armed Forces and the dogs. The whole atrium dome area is covered with a double insulated plastic heated glass to melt the snow.

Throughout Freedom Garden is a Horticulturist Center of Plants and Vegetables that we grow on the property. Our team of pond and horticulturist and water engineering maintenance personnel will masterfully create a sanctuary to honor our American Heroes.

You and your children can either walk or be pushed throughout the garden for hours of enjoyment.

Freedom Garden

Welcome to the Children Dreamwish Village

We will be located and coming soon to the Gatlinburg and/or Pigeon Forge Area.

In the months ahead we will employ 100 – 150 employees.
Come and enjoy a retreat to the GREAT SMOKY MOUNTAINS!

All selected children and their families will fly into McGee – Tyson International Airport in Knoxville, Tennessee where our team of experts will sweep you off your feet for a fun filled 7 day vacation get-away.

All expenses paid trip for any child of a fallen hero or a child who has special needs or are critically ill and signed off by their medical doctor.

Yes, you have an option to drive right to our Children Dreamwish Village instead of flying.

There is plenty to see and do while staying in the village. We will take you anywhere you would like to travel within our set perimeters.

	One Way Trip
To the North you cannot travel any further then Kentucky,	3 hours
To the South you cannot travel any further then Chattanooga, Tennessee.	3 hours
To the West you cannot travel any further then Nashville, Tennessee.	3 hours
To the East you cannot travel any further then Ashville, North Carolina.	2 hours
To the Southeast you cannot travel any further then the Cherokee N. Carolina.	2 hours
To the Southeast you cannot travel any further then the Maggie Valley N/C.	2 hours

The distance is a long day excursion. You will be in our 12 passenger limousine for a minimum of 12 hours so please be aware to the time. All foods and drinks will be provided during the trip. No alcohol is allowed to be consumed during our outings.

All breaks are scheduled every two hours. This is not the drivers fault this is the insurance requirement and our Medical Director's Wishes.

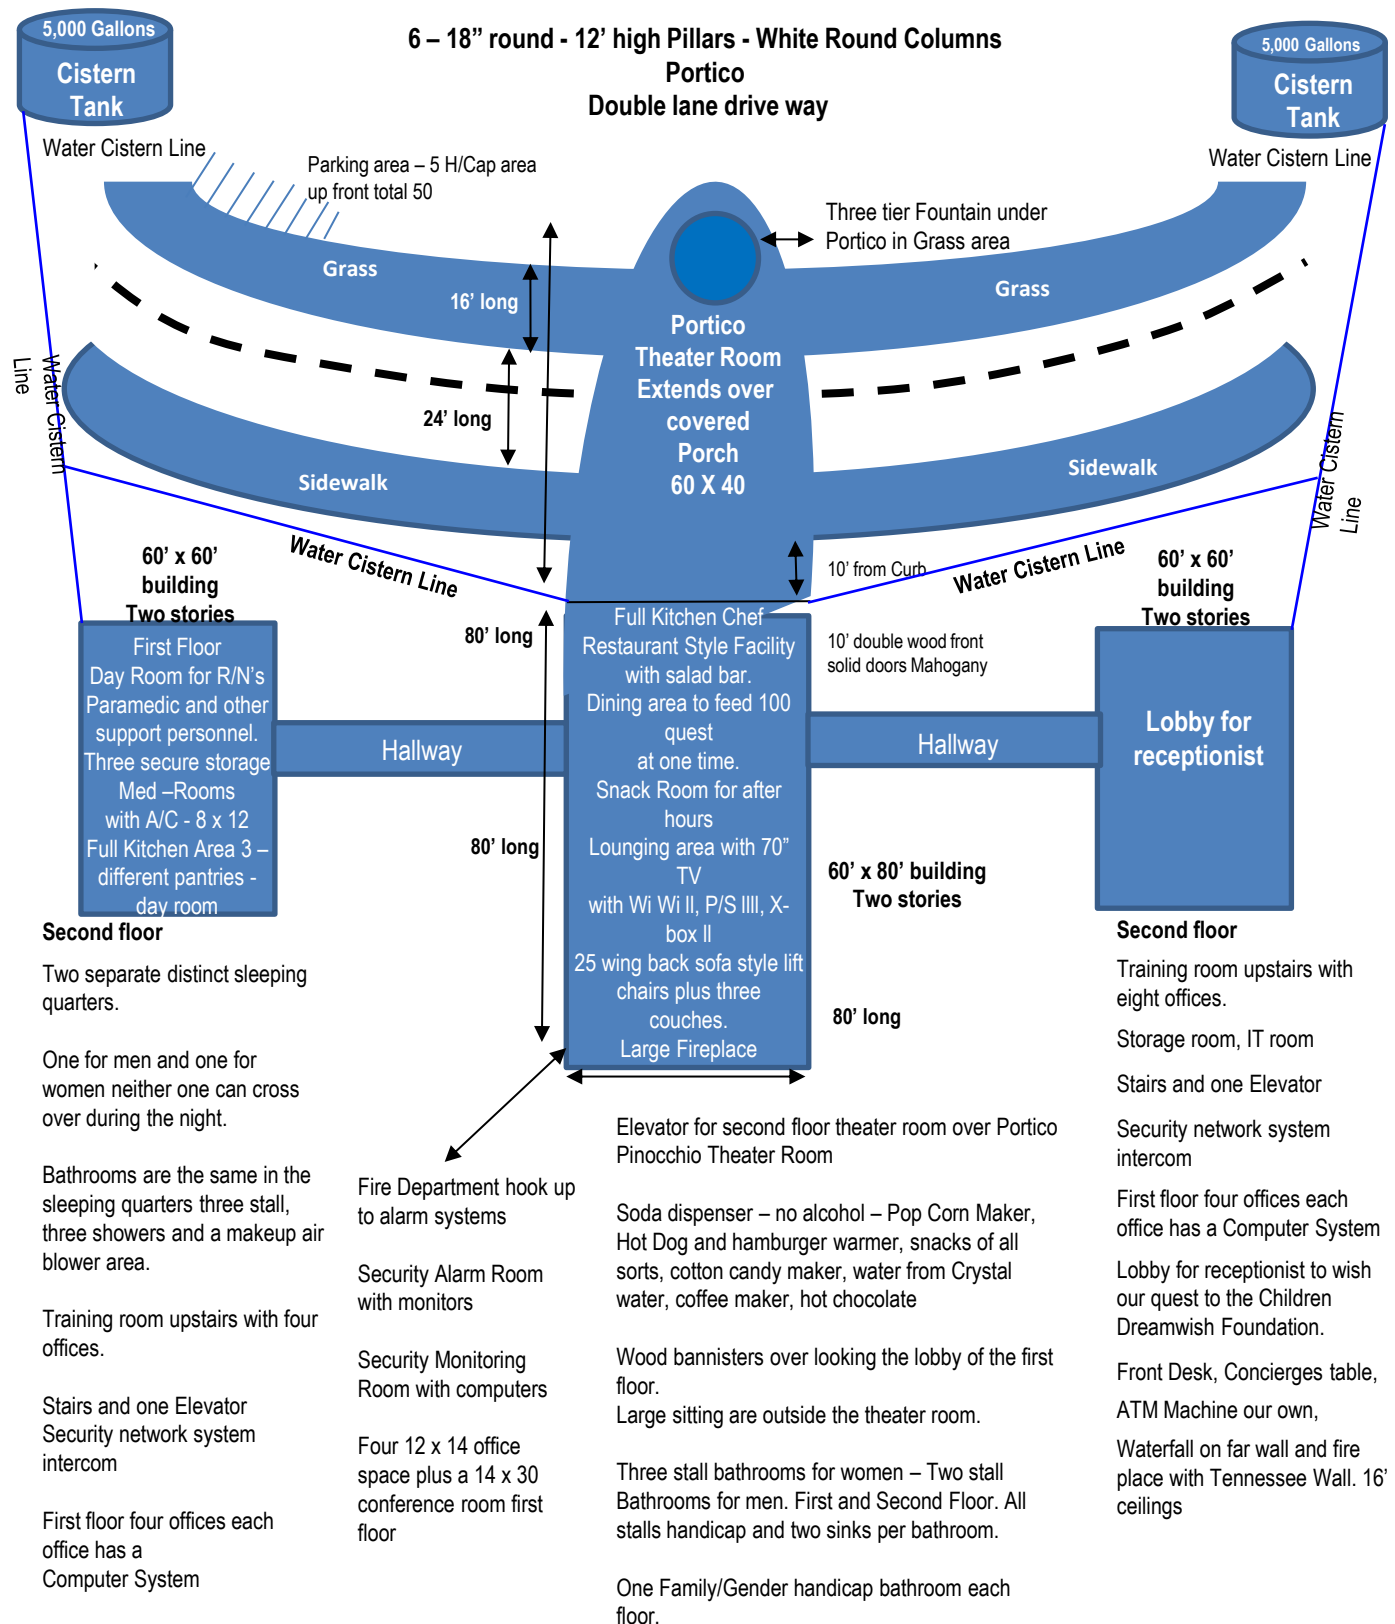

This will give the parent and child time to stretch their legs or get changed.

Any life emergencies that come up during your outing our driver will automatically call 9-11.

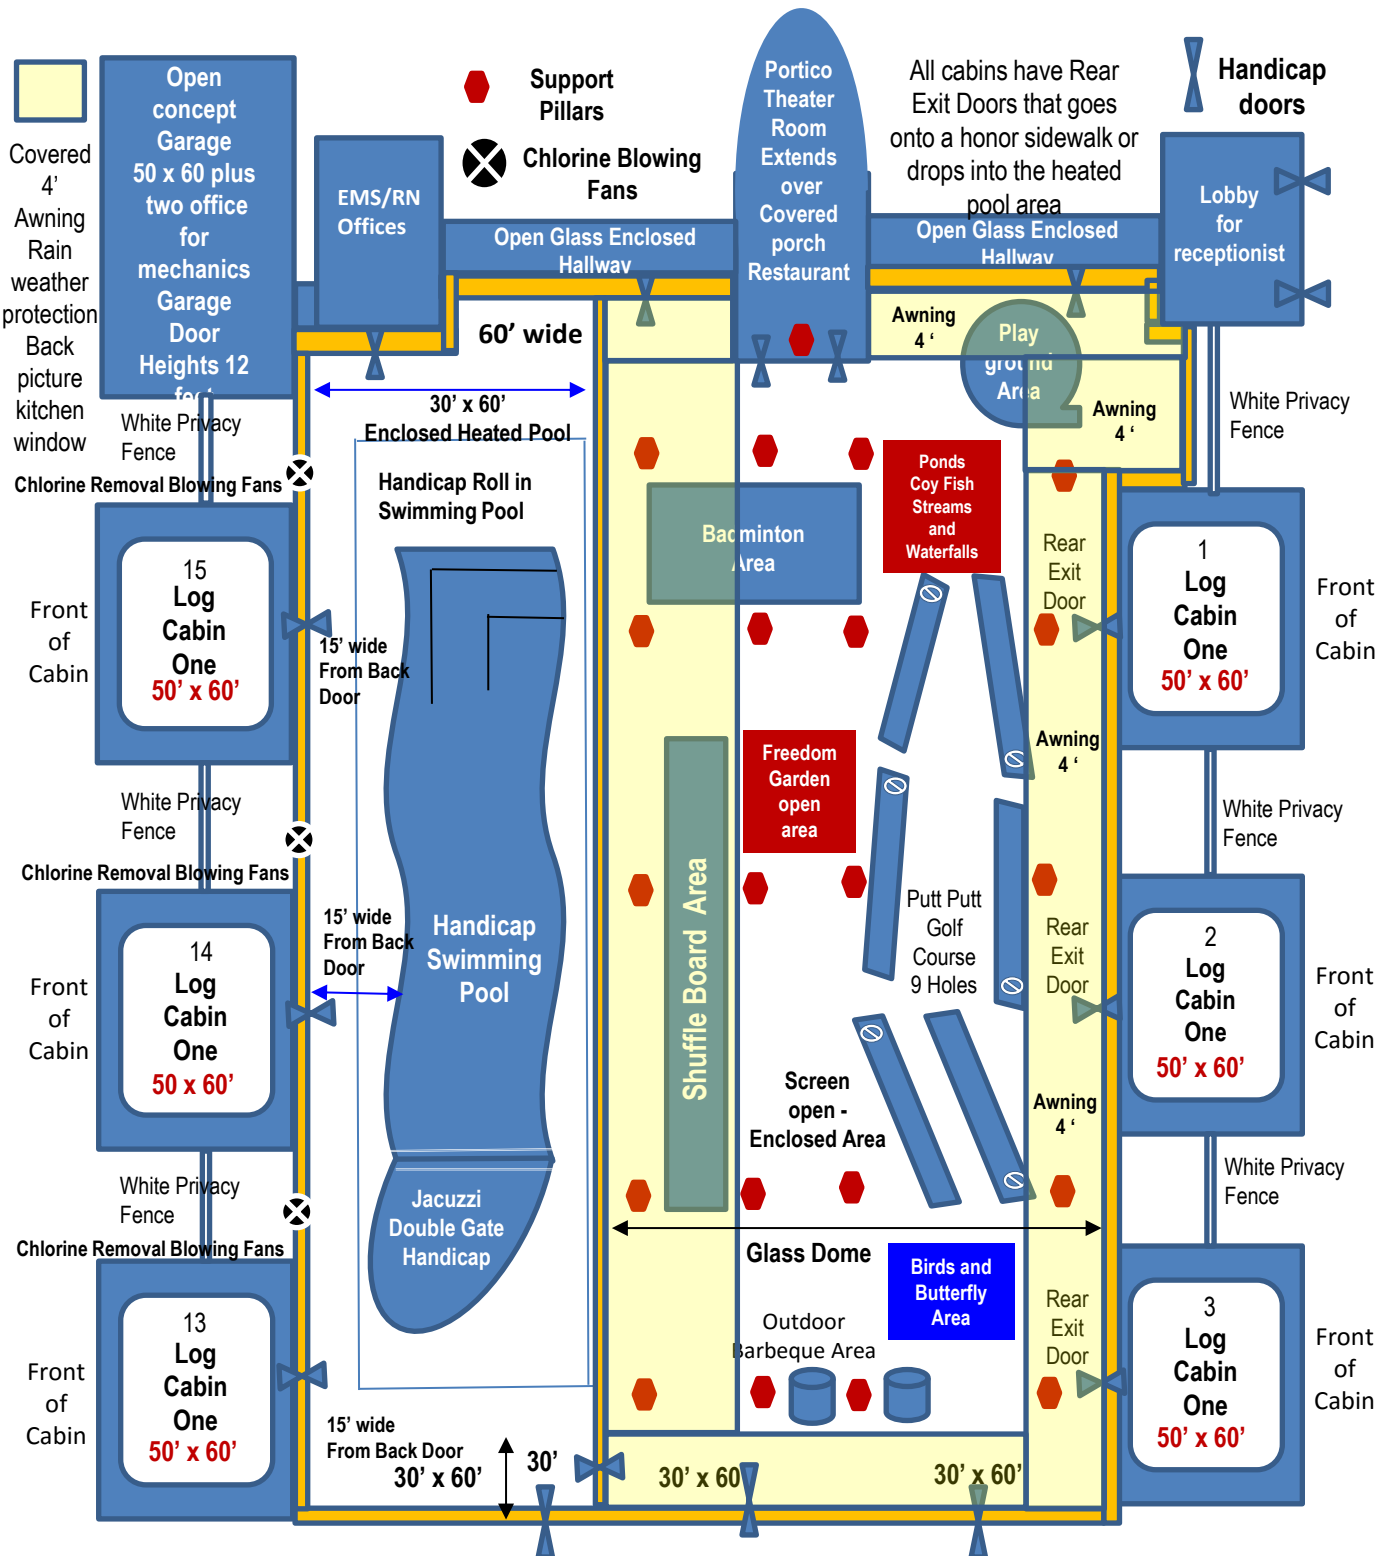

Our emergency response team will be dispatched to the hospital and/or if the vehicle breaks down we will dispatch another vehicle to your location. If the vehicle cannot run for heat control or A/C purposes we will call and hire the closest handicap vehicle for you and take you to a secure location.

Please refrain from tipping our drivers or employees.

Freedom Garden

Freedom Garden

Water Cistern system for reclaim water off of the roof of each gutters from all three buildings. This water will be saved when it rains it travels down the gutter piping system in to a cistern containers of 1,000 to 5,000 gallons. Then our pumps will regulate and pull the 8 GPM flow per sprinkler head. This water will be used for irrigation in the front, down the sides, for the fountain and waterfall in lobby area.

3,000 square feet per cabin

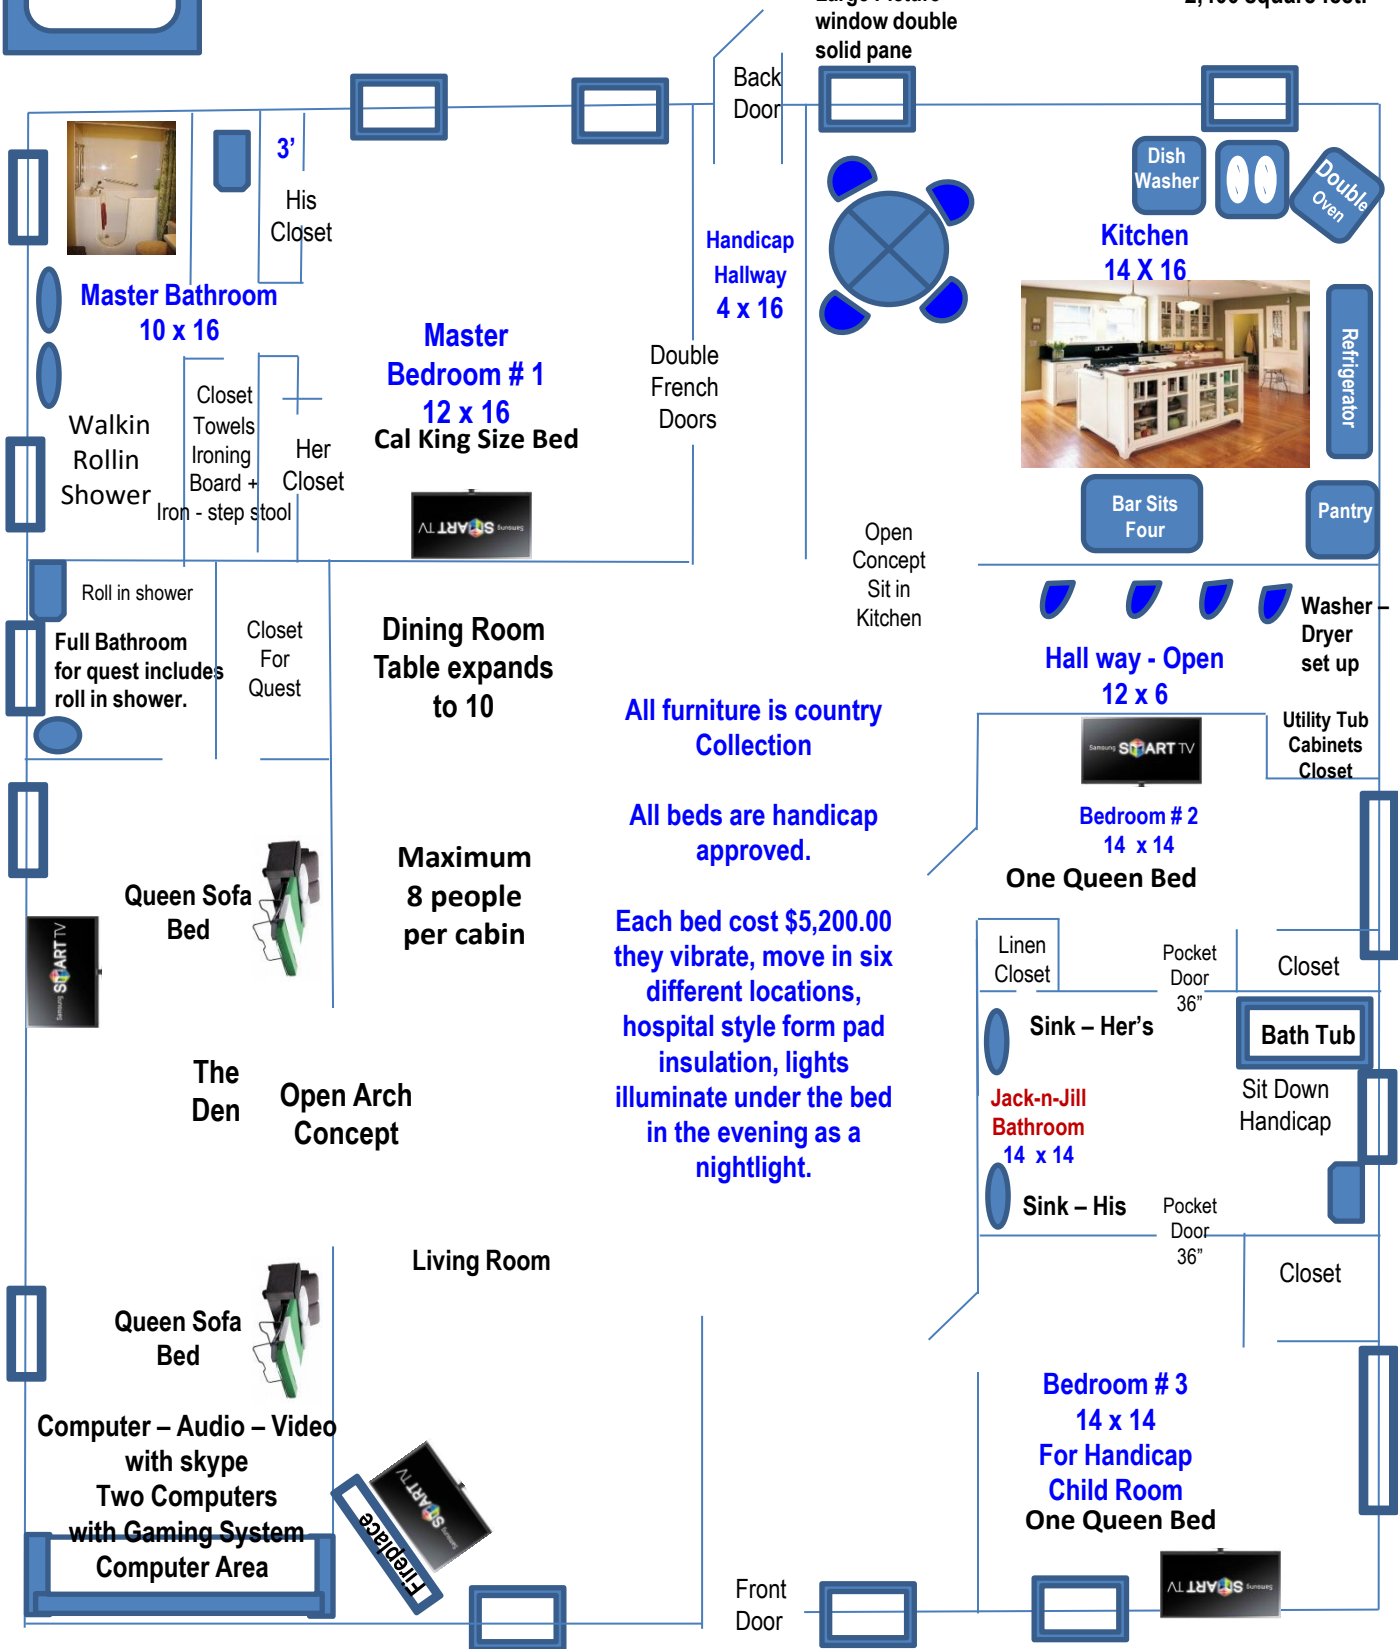

Building Nine (9) Log Cabin Homes for village.

All homes are configured the same 2,400 square feet.

Back door opens up into a courtyard cover screening or opens up into the pool area – Indoors

Side walk is made out of bricks in the name of a fallen hero!

Freedom Garden

The Dream,

The Vision,

The Research,

The Due Diligence,

The Approval for perk test, drainage, road, electrical,

The Commitment to the American Heroes in the Name of FREEDOM,

The Approval from the County Officials,

The Reality in building the Dream.

In this presentation you will see first hand how the land, property and dreams have come together in making this a reality.

Please allow us to introduce you to:

The American Freedom Community

Today, you are seeing the true meaning of research and development.

We have to create 12 ESF functions out of 15 Federal ESF guidelines in establishing a small inclusive village and community.

Due Diligence, In-house research - **Done**

Research and development in determining the land is perk able and the roads can be secured during the initial infrastructure stage. – **In progress now!**

Secure permitting, land evaluation, county approval, **TBD**

Secure, G.C., Infrastructure company that can reduce and fine tune our overall commitment, **TBD**

Hired a Real Estate and Mortgage Broker, Land Attorney, Log Cabin Broker, **Done**

Hired a Interior Design Company, To help facilitate the buyers true wishes of upgrades. **Done**

Continuing to research and fine tune the **Solar panel farm, Water Towers (2) and 5 windmills** to produce electricity throughout our community.

More information to follow soon.... Marc
