Greetings to the ACOJ, Inc. Family. "One Apostolic Church in Several Locations"

September 2018! New Month, New Beginning, New Mindset, New Focus, New Start, New Intentions & New Results!

September is here ALREADY! Can you believe it! This is a new month that is bound to be another Successful one! I believe this is the beginning of an eventful season, However, for many of us, this can also be a frustrating time of year. This is a great time to remind us all that as busy as we are this time of year. It is important to take time out of our day to deal with the things that we may not have the chance to deal with daily. Things that are important to us. Such as family, are homes and our relationships with others. When opportunities come knocking on your door, it's important to Open Up! You could open a gateway that may surprise you. It's all in how you see things. I read a quote this morning that said, "Your Thoughts Are the Architects of Your Destiny". We can be extremely inspired by those words. I believe this is a time that takes a great deal of Focus. What better time to start making changes that will affect yourself and others in both the short-term & long-term. We should have the intentions to think positive towards others & with time and a bit of patience, New Results will come.

In Luke 6:31, (KJV) Jesus said to his disciples, "And as ye would that men should do to you, do ye also to them likewise". So, it's my encouragement to us all, let's do what the word said and take time out to treat everybody around you with great honor and respect. So that in that same manner we will receive the same in return.

So, let's make this month of September a month where we pay close attention to details of our thoughts. Think positive thoughts and make efforts to do something that is special to you. BY doing that it will bring a great return to us all. I believe that September is a beauty time to make these changes. Like the Leaves in the Tree's. Fall Is Officially Here! Let's Get Started!
