### The Sphere: An Overview of the Psyche

Presented by: Nard Michals, LCSW, Jungian Analyst

*The psyche is the only phenomenon that is given to us immediately and therefore, is the sine qua non of all experience. - C.G. Jung vol. 8*

This seminar features an overview of the psyche through the universal image of the sphere. The sphere, as an archetypal image, helps to facilitate a deeper understanding of the psyche because it introduces perspective and dynamics, or movement in the moment. Using relevant material from Jungian analyst and author Edward Edinger, the presentation explores the meaning of the ego and its relationship to the objective psyche.

#### Learning Objectives:

1. Define and differentiate the terms "ego" and "ego strength."
2. Describe the basic structure of the psyche as discovered by C.G. Jung.
3. Explain how the psyche has a basic energetic quality manifesting in the moment.
