

# Look At What We are Learning!

The Ladybug Room  
December Newsletter  
Mrs. Lithio and Mrs. Umbrasas

The Christmas season brings so much fun into the classroom! Our pretend area is a stable with costumes to help us tell the story of Jesus' birthday. We loved decorating our tree over and over again. We learned songs about the first Christmas, and then sang for our families at the Christmas Program.

We enjoyed lots of Christmas games and activities throughout the month, especially art projects like bells, trees, angels, and stables.

We counted angels, played bells, and used an Advent calendar each day to count the days until Jesus' birthday.

There's nothing like having a birthday party all month long! Thank you for loving us, Jesus! Happy Birthday! We love you, too!
