

Look at What We are Learning!

The Ladybug Room
February Newsletter

Mrs. Lithio and Mrs. Umbrasas

February held so many things! We practiced the letters in our names through tracing and writing. We're excited to use our mailboxes and write notes to classmates. We had such fun at our Valentine's Day party, too. Thank you to our helpers!

Our favorite song this month was Love in a Box. We know the best place to keep Jesus' love is in our hearts, so we can share it with others!

We enjoyed a visit about going to the dentist. We practiced drawing birds, then drew and painted one. We've been so excited to see cardinals, finches and sparrows at our birdfeeder.

We're keeping an eye on the buds of the magnolia and the maple tree on our playground. When will they change? Will they become leaves or flowers? So many spring things to see already as we begin our Nature Project!
