

Look At What We are Learning!

The Ladybug Room
January Newsletter
Mrs. Lithio and Mrs. Umbrasas

There was snow outside and inside in January! Art held many opportunities for learning. Fine motor skills were practiced. Reading inspired art as we drew and painted a city. Math combined with art as we practiced drawing squares, rectangles and triangles. Social emotional skills grew as we focused, concentrated, shared and laughed together.

January also brought more practice with scissors. First, we made a fold over print and learned the word "symmetrical". Then we cut and glued them with snowballs. We also had fun winter pretend play in our loft. Lots of stories were acted out.

On Wednesdays, we love singing with Ms. Emily at Music Together. Rhythms and rhymes are fun!

This month, we shared Jesus' love by writing notes for new daddies. Our families donated items online to Dovetail Project to help out. Thank you, God, for our families!

We are growing in so many ways!
