

Look At What We are Learning!

The Ladybug Room October Newsletter

Mrs. Lithio and Mrs. Umbrasas

October brought color mixing, fire engines and firefighters, leaves and trees, pumpkins and gourds and lots of fun!

We mixed colors and made handprints and pictures of fire. Our class also enjoyed making Rainbow Confetti, and got lots of practice with scissor skills.

Thank you to the Hinsdale Fire Department for visiting us! We got to see them put on their gear and see what they look like when they help people. We loved seeing the fire engine, the hoses, and the special pump that really shoots water!

October is pumpkin time, and we had fun painting ours to be a ladybug. We also learned 5 Little Pumpkins and drew and painted a picture of them. A favorite story was The Little Old Lady Who Was Not Afraid of Anything. Ask your child what the pumpkin did in that story!

Pajama Day was exciting with special activities, singing, dancing and tents!

Our Bible stories this month were Noah's Ark and Jesus Calms the Storm. We learned that God is always with us and takes care of us, and that he

always keeps his promises. We'll remember that when we see a rainbow!
