

November 2020 Newsletter

Fall has arrived with colder temps (and also some nice warm days!), and already a few snowflakes! We have been enjoying all things fall this month, and are glad to have Thanksgiving break here! Here are some of the things we have going on in our classroom:

- We finished up our pumpkin unit by cutting open a pumpkin and exploring what was inside. We had fun making a pumpkin diagram using the seeds from our pumpkin, and yarn for the pulp.
- After learning about pumpkins, we moved onto exploring apples! Each child got to bring in an apple to share with their classmates, and they loved showing each of their friends their apple! We did a taste-test to see what kind of apple was our favorite. The yellow apple was the favorite! We finished up our apple unit by doing some apple stamping and making 'apple roll-ups'.
- With Thanksgiving happening this month, we talked about all things thankful and turkey! We talked about what we are most thankful for, and what we can thank God for giving us as well. We got to practice our cutting by making some ornamental corn, and fine motor skills using eye droppers. Turkey feathers, turkey handprints, and thankful books were all part of our Thanksgiving fun!
- When we return from Thanksgiving break, it will be time to dive right into all things Christmas. It's hard to believe that will be soon approaching as well! We are excited to learn Christmas songs and all about the birth of Jesus.
- As the winter season comes, there is, of course, chances of inclement weather. If that is the case, please visit the Emergency Closing Center website to view any closings. Also, please let me know of any upcoming absences for your child, so that I may plan accordingly. I want to make sure they are able to complete any projects we are doing. Thank you!

Upcoming Dates to Remember:

- December 21st - January 1st: No School (Christmas break)
