

September Newsletter from The Lamb Room

Ms. Merkle & Mrs. Gray

How time flies when the children are adjusting to the classroom, classmates, Zion school, teachers, and routines. We have come such a long way in just a month while having fun and getting to know everyone in the class. The children learned new rules and the routine of what happens in the Lamb Room. The children have been busy doing art activities, sitting at circle time, listening to books, Jesus Time, a volcano science experiment, and exploring the sensory table, and so much more. We will be working on our Class Project (PUMPKINS) for the next two weeks.

LOOK WHAT'S COMING UP
