

March Lamb Room Newsletter

March was a busy month for our class. The Art show and starting our Ocean Project has been so much fun. The children have really seemed interested in making the coral reefs, doing activities related to our ocean project and the art work, looking at ocean books. Seeing, feeling, and learning about a real ocean starfish was fascinating to them. From ocean animals to what's in the ocean to what floats in the ocean, we have much more to learn about.

We have been counting and matching the colors of the ocean animals. Focusing on ocean animals that are small or big. Learning new names of those specific ocean animals. The children really liked the song "There Once Was a Turtle, His Name Was Tiny Tim..."

We focused on the Story of Easter and Jesus Always Loves us, and learned a Jesus song with movements.

HAPPY EASTER!!!!

REMINDERS:

No School on April 1(Monday)

Return to school on April 2nd

Thank you to the grandparents that were able to make Grandfriends Day!!!
