What We Learned

Apples

We learned about Apples. Our favorite part of learning about apples was the Apple Volcano. We talked about the parts of an apple. We talked about ways apples can be used. We listened to stories on apples. We talked about that apples are healthy to eat and that they are good for you. Apples come in different sizes and colors. We counted apples. For art, the children made apple prints, The children had a chance to wash apples with sponges and soapy water,
