

March Lamb Room Newsletter 2025

We have had a great start to our Transportation Project. We have learned about Tractors, Cars, Trains, and Buses. We talked about the parts of the vehicles and their similarities and differences. We learned about what vehicles travel on: land, water, or in the air. The children have been busy with the transportation activities. We have been doing transportation art. Which could be sent home or is hung up in the classroom. When we are outside the children have gotten excited when they hear the train going by in Hinsdale or we see the trucks going by across from Zion. Looking forward to much more next month.

Grand-Friends Day was a lot of fun. The children really enjoyed grand friends being in our classroom.

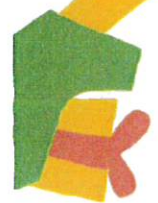

HAVE A GREAT SPRING BREAK!!!!

Jesus Time

We have been hearing the Lord's Prayer and singing the songs we sang for the parents before the art show. We have been listening to prayers related to transportation.

Reminders:

March 30th-April 4th SPRING BREAK
April 14 & April 15 Our classroom will be leading Chapel
