Dragonfly Newsletter

Phonemic Awareness

Letters learned this month:

Jj, Zz, Ww and Vv

The children are beginning to work on rhyming words. We do an oral listening activity on a daily basis. The children listen to 3 words and have to figure out what 2 words rhyme.

Some children are also beginning to blend sounds together to form simple words: cat, hat, sat, etc.

Handwriting Practice

The children enjoy using chalkboards to form letters. We are also using gems and old picture frames to reinforce our letters.

Jesus Time

In Jesus Time we are learning about Prayer and the Lord's Prayer. The children are learning that they can pray anytime, anywhere about whatever is on our minds. Jesus is ALWAYS listening. He loves us so much. The children have also really been working learning the Lord's Prayer. We are listening to a song and also a short video explaining the meaning of the Lord's Prayer.

Mathematics

Numbers we have learned:

7,8,9 and 10

The children have been learning about different ways to make each number we are focusing on for the week. They count out stones, use a base ten board to show the number, use dice to add up to the correct number being studied.

The children are also learning about tally marks. We practice making tally marks with sticks.

Pet Project

The children are enjoying reading different books about Pets.

This past month we have been learning about:

*Living/Non-Living things: the children made a chart to help them understand what is real vs. what is not real

*Pets in our families/if I could choose a pet for our family what would it be

We graphed who has a pet vs. who does not

*The children are enjoying our dramatic play area- Vet Clinic

*The children have been very intrigued with the different ways dogs offer service to others.

*Dr. Baker from Lane Vet Clinic will be coming on Monday, April 28th to talk with the children about her job as a Veterinarian.
