Dragonfly Newsletter

Phonemic Awareness

Letter of the Week: Ff

The children are beginning to work on rhyming words. We have begun an activity where the children listen to 3 words and then have to say which word doesn't rhyme. This activity is a little tricky in the beginning, but they soon catch on.

We continue to work on and review our Jolly Phonics songs.

Handwriting Practice

The children enjoy using chalkboards to form letters. We are also using gems and mirrors to reinforce our letters.

Jesus Time

In Jesus Time we've been learning the story about Zaccheus. In this Bible story the children will learn the importance of always remembering to make good choices. They will also learn that even when we do wrong, Jesus ALWAYS forgives us.

**Jesus Loves
Us So Much!**

Mathematics

Numbers worked on so far:

1-5

The children are learning about tallying. The children practice making tally marks with sticks and then it will be reinforced with a worksheet.

The children will also be learning about estimating.

The children had so much fun on our 100th day of school. They had to find 100 hearts located throughout our room. As they found the hearts the children put them in our 100's chart.

**Thanks to all for a
wonderful Valentine's Day
Party. The children had so
much fun!**

Art

The children did a flower directed drawing. Their flowers look amazing!
