Dragonfly Newsletter

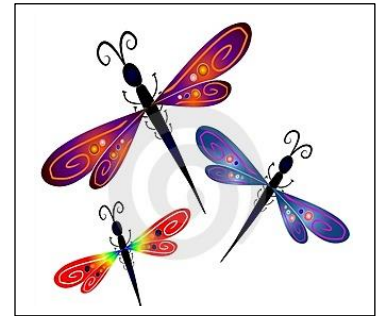

Phonemic Awareness

Letter of the Week: Oo

The children are making nice progress learning their letters/sounds. We review past letters, almost daily. The constant reinforcement really helps the children remember. We also review our letters with the Jolly Phonics songs. (can be found on Youtube)

The children have also been enjoying learning the letters with Jack Hartman.

Science

The children are learning about ice, snow and the season of winter. The children are investigating the properties of ice and snow. The children are making predictions of how ice and snow melt.

Mathematics

The children are beginning to learn about numbers 1-20. We take one number a week and work on different activities involving that particular number.

The children are working on: writing each number, counting, identifying.

Number of the Week:

2

Jesus Time

In Jesus Time we've been learning the Bible story about Zaccheus. The children learn that even if we make mistakes, Jesus will forgive us and always loves us. It's important to be kind to one another.

Jesus Loves You!!

Art

The children will be doing a directed drawing of a penguin. After drawing the penguin the children will be using watercolor paints to create a wintery scene
