Dragonfly Newsletter

Phonemic Awareness

We have begun learning our letters and sounds. We are currently using a phonetic based curriculum called Jolly Phonics. With each letter the children learn a song.

Every Thursday the children bring in an item which begins with the letter being studied for the week.

Letters Learned: Ss, Aa and Tt

Handwriting Practice

The children will be learning to write their letters. Each week we will focus on a letter. We will use our Handwriting Without Tears curriculum. This curriculum gives the children a hands-on approach to writing. We also reinforce each letter with a worksheet. A practice sheet will be sent home as well. The children will also be working learning proper pencil grip.

Jesus Time

In Jesus Time we've been talking about "How to be a Bucket Filler." We have read books about how we can fill others invisible buckets. They have learned showing acts of kindness help fill buckets and makes us feel good inside.

Jesus Loves You!!

Mathematics

We started learning how a calendar works. Every day in class we do the calendar.

The children are learning that there are 7 days in a week and they are

beginning to learn the months of the year. We also practice our rote counting up to whatever day it is in the month. The children are also learning to pattern. Currently, we are working on an AB pattern. The children patterned with red and green apples.

Art

The children made a self-portrait and then used watercolor paints to enhance their portraits. We have some wonderful artists.
