

Look At What We are Learning!

The Ladybug Room September 5th Newsletter Mrs. Struve and Mrs. Umbrasas

Dear Parents,

This week has been a lot of focusing on God's love for the little children. Because the children are just as important as the grown ups, students are seeing how to love other people just like Jesus loves them.

The boys and girls are transitioning very nicely when they arrive at school! They know their routine and are helping those friends who are still learning the ropes of the ladybug room!

Wednesday brought us our first music class. It was so much fun! We made music with our mouths, body, and instruments.

During morning circle time, each child was given an animal. Once all the animals were passed out, we sorted them by color. The ladybug room really knows their colors! Ask your child if they remember which color they had.

We celebrated another birthday this week! Happy birthday Charlotte!

The boys and girls did a very nice job with our fire drill today! We are super proud of them! **DON'T FORGET TO WEAR SOMETHING RED ON MONDAY!**

Have a great weekend!

Blessings,

Mrs. Struve
