It is time that all those who love Jesus adopt this philosophy for our spiritual life:

“We shall go to the end, we shall search for lost souls, we shall search in America and in foreign lands, we shall search with growing confidence and growing strength in our Lord, we shall defend Christianity whatever the cost may be, we shall stand tall in our schools, we shall fight Satan in our homes and in the hearts of all who live in our communities; we shall never surrender, and even if, which I do not for a moment believe, this nation or a large part of it were subjugated and starving, then our fellow Christians beyond the seas, armed and guarded by the Word of God would carry on the struggle, until, in God’s good time, the free in Christ, with all His power and might steps forth to the rescue those confined to the slavery of sin”
