Dear Family of Collinsville,

Oh, I just had to tell you all how much I loved getting to be with you this past Sunday evening. It was so good to finally get to meet so many more of you. I'm so sorry you're having to put up with Scott, but until you can find you a better preacher.....patience is the key!!!! Hahaha Are you kidding??? Love this guy!! He has a heart of gold and is a tremendous servant for the LORD. Keep fanning his flame so he can encourage you all together to greater heights.

To find a congregation like yours, who are so in Love with the LORD and His church is very refreshing and uplifting. It was so good to share the work of the LORD with you in pictures. Hope you learned much more about the NM Christian Children's Home by seeing our campus and meeting some of our children. God has been at work here for many years and we give HIM all the glory we can muster. Thanks so much for standing shoulder to shoulder with us as we serve HIM together.

It was good to meet many of you for the first time and them Floyce and his wife from another congregation. My family is everywhere!!!! Praise God for His amazing family.

Please continue to remember our Home, our kids, single parent families and our staff in your prayers. I am confident satan has no idea who he is messing with when he attacked this family of believers. We are a family of mighty prayer warriors and with our Great God in the lead, I see victory in the future. To HIM be the glory for all that is in us. AMEN and AMEN!!!

Know how much we love and appreciate every one of you.

God's army in action.

Also remember to keep smilin'.....it makes your face look better!!!
