

The "Reaching Out to America" Clinic

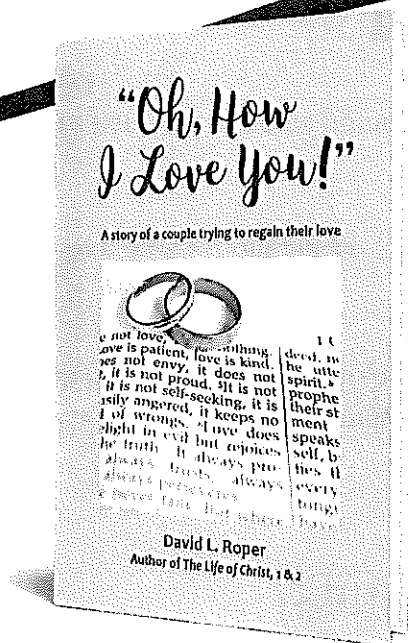

It has been said, "The finest way to lead someone to the gospel is by taking him through a Gospel." This method is the divine way of bringing someone to Christ. A thirteen-week video series has been prepared that covers the topic of reaching out with the gospel to your neighbor. This video series is designed to prepare teachers in each congregation to teach others the gospel by taking them through the Gospel Accounts.

The videos will guide a group to become excellent teachers of "The Life of Christ." Through this method, you can be sure that some of your friends, relatives, and neighbors will be led to Christ through these teachers of "The Life of Christ." Veteran gospel teachers have made these videos, and when the videos are combined into a thirteen-week study of how to lead others to Christ, wonderful results will come. Those who attend this class will be taught one of the finest approaches that Christians have for reaching out to neighbors, friends, and the nation.

In the first video, David Shannon, president of Freed-Hardeman University, speaks on how one can lead others to Christ.

The church of Christ is only the church of Christ when, in the unity and love of Christ, it lives and teaches "The Life of Christ" to itself and to the world.

Building a Christian Home

This wonderful book by David L. Roper is a short narrative book on how to build a **Christian home**. As committed members visit with people in the community, a copy of this book can be given as a gift to them and as a token of friendship. Then, the recipient can be invited to come and be a part of a Bible study. Each copy of "Oh, How I Love You!" that is given away should contain a card that tells of the meeting times, classes, and special offerings of the church.
