

## Dusty Springer and Family Cancer Fund

On August 12<sup>th</sup>, 2020 Dusty was diagnosed with a rare case of Non-Hodgkin's Lymphoma. Since then, he has undergone four chemo treatments. The next step is he must have a different form of Chemo called "RICE" due to the other chemo not working how doctors planned. This treatment will have Dusty staying three nights in Rochester. He will have to have this RICE treatment twice, three weeks apart. After completing two rounds of RICE chemo, he will need a Stem Cell Transplant. For the Stem Cell Transplant he will need to have a minimum stay in Rochester of six weeks.

Dusty Springer is a Loving Father of three beautiful girls, and a wonderful husband to his wife Amber. Due to COVID we are unable to have a benefit in honor of this amazing family. The springer family would be greatly appreciated for any help during this time where they are having multiple expenses such as medical bills, loss of work, lodging, and family needs.

The Account to donate to this family is at any **Pioneer Bank location.**

Please make any checks out to Dusty Springer and write "Benefit Funds" in the memo.

If you have any questions, please reach out to

Kaci Cooper 507-995-5730 or Stephanie Cooper 507-995-8671

**The family is in high spirits and is very thankful for any help and support that is or has been given.**
