

CHURCH PEOPLE TRY TO KILL JESUS!

(Nazareth, Galilee) — Something really scary happened to Jesus when he was visiting in his hometown. He went to church with his old friends and neighbors. He had grown up with these people and they knew him well.

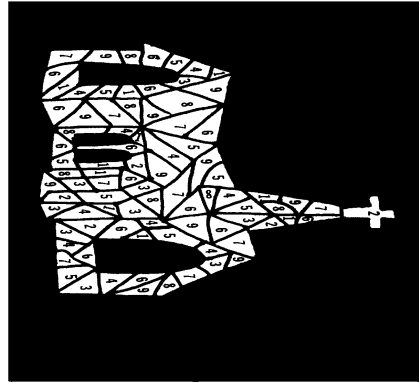

While he was at the worship service, Jesus read a Bible reading. Everybody who sat listening was sure that only God could do what they heard Jesus read about. But Jesus said that he himself would do it.

Jesus' friends decided he must have thought that he was God. They all decided, if he really did believe that he was God, he must be crazy. If he wasn't crazy, he was going to make God angry, they decided.

They were angry too. They tried to shove him off a cliff and kill him! Jesus simply walked away from them.
