Accreditation:

VLBI is fully accredited by **Accrediting Commission for Biblical Higher Education**. Accreditation indicates the willingness of VLBI to become examined by a third-party organization. It openly allows analysis of our policies and practices. Accreditation is purely voluntary in nature. Accreditation of a Bible college or seminary gives a "seal of approval" for those who are attempting to find out where they would like to attend school. For more information on our accrediting agency, visit www.acbhe.org.

Membership:

VLBI is a member of Global Christian Schools Network, a global education partnership of schools and organizations committed to ensuring that students excel in an interconnected world. GCSN is an alliance of schools committed to creating a collaborative and multi-faceted approach to global education. The collective vision of GCSN is to ensure that all students have the opportunity to gain the essential knowledge, skills, and attitudes needed to impact the Body of Christ. (www.gcsn.org)

PARTNERSHIPS: National Association of Christian Counselors

VLBI is in partnership with the National Association of Christian Counselors and is a certified training center, providing training for local Pastors and other Believers who feel the call of God to counsel. Once trained, counselors are provided with credentials through the National Association of Christian Counselors. Our goal is to offer counseling to those in need of help and training for those who desire to help others. Our program will also provide students with the experiential learning necessary for working in the field of Christian counseling. (www.nacconline.org)

Online Learning Center:

Students who cannot attend onsite due to scheduling or distance can study online through our online dashboard. All programs are Bible centered and essential for preparation for Gospel ministry.
