

Community Involvement Vision

Kingdom Rights Ministries and Brice Construction Management Group LLC

By Joseph Brice

Community Involvement

Community Involvement

- + **Kingdom Rights Ministries** is a non-profit organization under section 501(c)(3) of the Internal Revenue Code. Our mission is to bring about positive change in our communities by teaching and empowering people, starting with our youths. We provide opportunities for education and skills development, which enable individuals and the community as a whole to build confidence and make a positive impact. We aim to encourage all people, especially those in our local community, to work towards making the world a better place to live. We equip people with the tools, skills, and education they need to prepare for a better future.
- + We believe that education is key, but God is the key spiritually for the completion of the good life. Our goal is to unlock hidden potential and help people discover their purpose in life. We encourage everyone to focus on the things that matter most and to live a good life that benefits future generations.
- + We are pleased to inform you that we have included **The Vision for Affordable Homes by Kingdom Rights Ministries and Brice Construction Management Group, LLC in this package.** This proposal is aimed at helping to build a strong and vibrant community, with the church at the center serving as the heart of the community.

Community Involvement

- + In the Affordable Homes section, you will find a comprehensive plan for building and maintaining affordable housing units. The plan includes details on location, design, measurements, and cost for potential homeowners. The proposal aims to provide a safe and comfortable living environment for families. This plan can be reached by partnering with local government agencies, securing funds, and leveraging available resources to create affordable options for low-income families and individuals.
- + The Church Proposal, on the other hand, outlines the role that the church will play in the community development process. Not only as a place of worship but also acts as a hub for community development. It emphasizes the importance of community outreach programs, youth engagement initiatives, and other activities that promote social cohesion and community development. Such as counseling, education, and healthcare, to address the needs of the community. The proposal also includes plans for community events and outreach programs that promote unity and social cohesion.
- + We hope that the Kingdom Rights Ministries' vision inspires you to support our efforts to create a better community. We believe this proposal has the potential to make a significant impact on the community.
- + Please take the time to review the Affordable Homes section and Church Proposal section to learn more about the projects. If you have any questions or concerns, please don't hesitate to let us know. Our contact information is available on the last page.

Community Involvement

- + Kingdom Rights Ministries working together with the community to clean up the streets literally, NOT figuratively. Making our communities safe for us and our children. Creating an environment for good success. We will do this and much more.
- Enhance Community Awareness
 - Increase the visibility of programs
 - Broaden community support
 - Engage new partners/stakeholders
 - Improve knowledge and attitudes and health behaviors
 - Rebuild community spiritually, socially, economically by revitalization
 - Community Development through building new homes and/or renovating the dwellings that need it
 - Increase the value of the communities showing less value not only through better housing but change of minds and views of the same communities
 - Offer construction skill classes as well as on-the-job training provided by local professionals and our affiliates
 - Building strong family values through Kingdom Rights teachings of discipleship by going back and picking up the broken pieces to enable us to go forward to better and secure future for our children
 - Providing the resources to meet the needs of those who are striving to live a better life
 - Helping people to become homeowners

Community Involvement

- + **Brice Construction Management Group, LLC**, is affiliated with Kingdom Rights Ministries. Business owner Joseph Brice comes from a family-owned business and has over 40 years of combined construction experience. Successfully completing projects such as Highway Work, Pharmacies, Supermarkets, Apartment building and complexes, Churches, Banks, Government projects (airport, military base), Museum, Hospitals, Gas Stations, Schools, Restaurants, Hotels, Residential Subdivisions, City Streets, State Roads and Parking Lots.
- + Dedicated to quality, Brice Construction Management Group, LLC has seen the construction industry change tremendously over the years, but there is one thing we will never change and that is quality service. With our hands on approach in getting the job done right the first time, professionally, providing a finish product that satisfies the client in a reasonable time.
- Experience in Construction Management / Project Management from conception to completion. Residential, Commercial and Other Projects such as Site work, Asphalt Paving, Concrete, Foundations, Slab, Sidewalks, Footers, Retaining Walls, Curb and Gutter.

Community Involvement

- My Bishop taught from the Book of Joshua in depth about taking authority...taking the city! He illustrated using real Surveying equipment on stage while teaching the message. Possess the land and Survey the Lots. He gave us the updated version of God's Blueprint for "Taking Authority" how to take a city.
- We must combine forces and with God's help take back what belongs to God. We are charged with taking this city and moving out anything that opposes God.
- We should not be competitors to one another in the kingdom, but completion oriented to do our father's work.
- The Gangs and violence in our streets as you know are demons and devils. We must use Prayer and Presence. **Prayer** is for the part we can't do...**Presence** is for the part we can. "Go and I will go before you," says the Lord.

Community Involvement

- We can offer them to come to work for God (disciples) or be cast out. Many will be saved and converted, and they can be trained to rebuild the city they previously tore down. Moses' anointing was to deliver the people, Joshua's anointing was to take them into the Promise. **“From Deliverance to Destiny”** this is what we are called and anointed to do.
- We need to establish **12 Tribes or Groups** to operate in their own, gifting and callings, which carries its own anointing. This is God's plan from the Civil Rights era to Present. This will cut down on some of the unnecessary competition amongst our people. We can get deeper into this later, but the point is 12 was important enough to God from the book of Genesis to Revelation.
- Even before the early church could move forward the Apostles replaced Judas (although it was done in a carnal manner by casting lots) none the less, they understood how important the government of 12 is in the kingdom and did not leave the twelfth seat empty.

Community Involvement

- The rise of crime in our communities is being committed by our youth. We as the church must offer them better solutions starting with God; of course, but not short of education. We know the statistics of high school dropouts and no intent to attend college.
- We as the church should be front and center to offer incentives to complete at least high school. If college is not on the table for many of them especially our males, then a skill or trade should be offered as an option for everyday living.
- We as the church should spearhead this solution. We see patterns repeatedly in our teens heading in the wrong direction, Gang violence is prevalent because they offer them alternatives that are inclusive though they are detrimental.
- We offer to be present and give them a working and successful model which would involve them in making it happen. Have them participate in the process and progress. Compensate their achievements with tangible rewards.
- Give them the spiritual, ethical, and economic model of success they need, stemming from the church...the total experience.

Community Involvement Summary

We offer the following:

- Over 40 Years of Experience
- Assisting churches with construction bids and budgets to prevent unnecessary change orders and unforeseen cost.
- Building and renovating churches, stores, shopping centers, office buildings, restaurants, apartment buildings and complexes.
- Building homes with those who have little or no experience. We will teach classes on skills and trades. Also, on the job training and safety
- Reading Blueprints, Layouts and Shooting Grade and Elevations
- Heavy Equipment Operations
- New Construction and Renovation
- Developing Grading, Streets, Roads, Highway construction, Bridges, Parking Lots, Sealcoating, Striping Parking Spaces, Landscaping...etc.
- Building Residential and Commercial

Community Involvement Summary

- Construction Management / Project Management from conception to completion
- Site work, Parking lots, Asphalt Paving
- Concrete, Foundations, Slab, Sidewalks, Footers, Retaining Walls, Curb and Gutter.
- 21 Lots of Land in CenterPoint, AL, ready for Clearing, Grading, and Building New Homes for Affordable Housing. We have the Drawings and Plans for the Proposed Homes.
- See Affordable Home Section. Drawings and Plans are available if needed and can be used to build in ANY community.

See Affordable Home Cost Slide with cost and breakdown. More details available upon request

- Experience working Habitat Type Building overseeing 25 Volunteers Building and Completing a Project in 10 Weeks for a Family of 4 to move into.
- Training people with a desire to learn how to build even if they have zero experience. Starting with our own people, disciples, members, and congregation.

Community Involvement Summary

We have everything ready and in place but need a Partnership/Joint Venture

+ We propose to equip and train those who have a need/or desire to be homeowners and/or would like to learn how to build or learn any of the Developing/Building Skills as well as Trades.

+What we need assistance with:

- Finances (Funding, Grants, etc.)
- Salary
- Office Space.
- Skills Training Facility (For Construction Classes and other community self-building classes).
- Networking with other members that believe in the vision and can help.
- Taking Members from our own Church and/or Community to Empower.

Community Involvement Summary

- One great reason besides Holy Spirit of course, that people sold their homes and properties then brought the money and threw it at the Apostles feet is because they could trust them to build a community for believers with their money. The people believed the apostles could do more with the money than they could do for themselves. They wanted to be where God was and where the movement was taking place. They had evidence that God was with them.
- We must make a public display of who we are and the God whom we serve. We must do something different to reach the people as even Jesus did. Something to shake this generation.
- “Operation Salvation Mission Impossible” we can have our young people dressed in army fatigues pants with tee shirts with the logo and Operation Salvation Mission Impossible with a red slash going through the “Im” of impossible, representing the blood of Jesus who makes this mission of taking back our city, POSSIBLE...for the glory of God!

Community Involvement Summary

- We can do a **7-year plan** and it will change the Game! We can take the city and do more than preach and have church but take back our community. Drug dealers and gangs work 7 days a week to tear down our city, we can't change it with just Sundays and Wednesdays preaching and teachings. We will give them an opportunity to receive the message.
- The people need to see us present where they are. We are offering opportunities for change for the better. We will change the way people "see" and "do" church. We won't have enough room to house all the people doing what our forefathers did, hit those streets and **WE CAN** to. Let us train these young people to be warriors for Christ.

Community Involvement Summary

- We need the government of God's kingdom right here on earth for this assignment of taking the city. We will dedicate Birmingham to God. The City, Mayor and Police Commissioner need our help and God has equipped us to help. We will have to literally walk those streets like the 50's and 60's not so much as marching but now like Jesus and the apostles teaching, saving, healing, and converting. We are the "Acts Group" modern day demonstration of the acts of the Holy Spirit. God is much alive so where are our book of Acts. Holy Spirit is present to empower us for this mission.
- I am A worker...a server...I know how to serve. I am not thirsty for a pulpit or microphone to be heard for my ego, but hungry and thirsty for righteousness. I want to please our Heavenly Father...I want to do His will.
- I am sent to wholistically do our spiritual father and heavenly Father's will.

Affordable Home and Church Proposal

- + Despite the ongoing efforts of school systems and the community at large, many of today's youth are venturing down paths that are likely to lead to negative outcomes. Unfortunately, these outcomes are kindred to juvenile delinquent behaviors, school truancy, failing grades, low self-image, damaged self-esteem, decreased self-worth, and an array of situational circumstances that could prove traumatic to the lives of these youth, their families, and the community. We need partners for a collective effort to offer incentives and opportunities that otherwise may not be available for the youth to achieve a positive outcome.
- + With the help of our community and through the utilization of the proposed church space our Kingdom Rights resource, and mentorship center proposes to facilitate a highly impactful Mentoring Program that can change the trajectory of a child's life. Our mentors offer sound, proven advice, extend faith-based counseling and principles, and provide academic support and life-skills training that will help young people navigate challenges.
- + With the help of partnerships with various youth and family-centered nonprofit organizations, our mentorship center will host academic tutoring and remediation. Summer and Spring Break leadership camps, leadership and life-skills training programs, and career and work-readiness opportunities. With the support of our community and the engagement of youth, our mentorship youth center will be a proactive force within the community, providing impactful services to youth and their families while reducing negative outcomes among youth in our community and producing more well-rounded, positive productive citizens.
- + We must be the face in our communities for our youth to see we are not just sincere but serious about investing in their lives.

Church Proposal

Proposed Church, Office Space, Classrooms & Resource Center

- + To have an ideal place to facilitate Kingdom Rights Vision to serve the community.
- **A Sanctuary** with a spacious area that can be used for various religious and community events, such as services, bible study, and prayer. Having a place in the community that is open to the public for daily prayer is essential and very well-needed.
- **A Fellowship Hall** with a commercial kitchen set up. It is perfect for a food bank distribution to the community as well as a place to provide free meals for those in need. It is an excellent space for community gatherings, celebrations, and events.
- **A facility with classrooms**, which are perfect for teaching and assisting the community with various skills and resources to help them succeed. For example:
 - construction classes
 - resume-building
 - dress for success
 - job preparation
 - housing
 - credit building
 - credit repair
 - foundational teachings on home ownership and repairs.
- + We can also provide preparation for home ownership and empower people to build strong families for a Kingdom Life. This property would have all the essential elements to serve the community and make a positive impact on people's lives.

Affordable Home Proposal

PLAN 430-350

Affordable Home Proposal

Who We Are

Kingdom Rights⁺ Ministries

Who We Are

- + Kingdom Rights is a 501(c)(3) non-profit organization who believes in the message and ministerial model of Jesus the Christ of Nazareth. Preaching the good news of the Kingdom of God.
- + *(The Spirit of the LORD is upon Me, because He has anointed Me to preach good news to the poor; He has sent me to heal the brokenhearted, to proclaim freedom to the prisoners, and the recovery of sight to the blind, to liberate those who are abused and preach the year of the LORD'S favor.)*
- + Through Jesus we get a glimpse of our Rights in the Kingdom. No one in history ever demonstrated the love, power and authority we have as children of God or read to us our rights in the kingdom, as a matter of a fact we didn't have a clue that we even had any. How ignorant of us if we fight for our rights as citizens of our country but not citizens of our father's kingdom.

Who We Are

- + First things first, the Messianic message of Christ, which is, "Repent for the Kingdom of God is at hand." Meaning, it is within reach and available to all of us. The word "REPENT" simply means; To turn away from and renew your mind, to change and turn back to GOD. Once you come to God and give him your life, you do not have to be a slave to your past. With God it is over, forgiven and forgotten, you do not owe anyone anything to start over with God. You have a chance to begin again, to be born again, starting life over forever to a better you and better life.
- + We believe in making disciples not just members. The kingdom is what you are born into not something you join. Teaching people to submit to God the Father as sons and daughters, making you family and citizens of the kingdom of Heaven. Our message as like Jesus is to everybody but unfortunately not for everyone.
- + When the message of the kingdom is preached, it's really, divinely performing a spiritual DNA TEST to know who our father is. Truth is, we all have an eternal father and belong to a kingdom. There were originally one Kingdom, and it was torn and split by rebellion, pride, jealousy, selfishness and greed.

Who We Are

- + No matter the race, creed, origin, gender or religion, we need to know and understand who our father is. Even if you don't know who your father is and may not have a relationship with him, don't leave this world and not know who your spiritual father is.
- + When havoc broke out in heaven, God threw the hellraisers out of his kingdom and out of eternity into time on this earth. I believe according to God's word that time serves the purpose of separation of right and wrong, good and evil, life and death, love and hate, truth from lies in a temporal environment for us to ultimately return to our rightful place. Everyone has the right to be with their father and after this life, is judgment and God being just and the "Just Judge" will not separate anyone from their true father. We as human beings are sent through time to make an eternal choice as to who we will serve and what kingdom we will represent as well as be loyal to. "No one can serve two masters."
- + Have you ever wondered how with some people no matter how horrific the circumstances and tragedies, some don't get it or have any sympathy? Some people no matter how wrong some things are they can't see it, neither do they have a desire to bring about change or make it right even when they have the power to. God will judge every case, every unrepented act, heart and motive.

Who We Are

- + If God is your father, do his works by helping his people. Jesus said, "the works you see me do I've seen my father do and the words I speak belong to my father, we are one." On the other hand, if Satan is your father, then serve him and do his work, walk and talk like your daddy. Everything we all say and do is recorded and the day will come when we all will give an account for the way we lived our life.
- + We all are sinners, but repentance activates God's grace. Repentance can only happen if we are not full of pride and Satan is not our father. Take your test today. We all have the right to know who our father is. No one should be a slave when they have been set free especially a slave to wrong doings. "If the Son sets you free, then you will be free indeed,"(**John 8:36**).
- + Kingdom Rights mission is to feed God's sheep and leave the goats and wolves for him to judge. Our focus is to anyone who is hungry and thirsty for what is right. We are a ministry made of broken, rejected, misunderstood, sinners who know and appreciate being saved by the love and grace of God. So... we are not looking for the righteous or perfect people but those who are seeking God's will for their lives and their families, in turn being able to help someone else. We are a Spiritual hospital so come as you are but don't plan to stay that way. We are to labor in loving, healing and restoring one another, giving all of us the hope and life we deserve to live.

Who We Are

- + When you understand what kingdom, you belong to then and only then can you be true to your God, yourself, your children, family and friends.
- + We fight for all kinds of rights in this world and rightfully so but understand the importance of our kingdom rights because these are our eternal rights, now and forever. Jesus exemplified these rights and showed us the power and authority that comes with those of that kingdom. Jesus also told us, "The kingdom has suffered violence and the violent takes by force." We are at war here on earth but clearly, we cannot lose the war but are challenged with many battles in this life. Be strong and encouraged because Jesus has already overcome the world.
- + So, at Kingdom Rights we are called by God to know our purpose as an entity or branch bearing fruit by bringing awareness of The Most High's agenda for his people. If you know who you are you will know your purpose in life and be instrumental in doing the right thing for all people.

Who We Are

- + We are building this ministry from the foundation up, in which Jesus is the foundation and chief rejected stone in the building. Understanding that the people are the church, and we gather to worship in his temple. Jesus also said, "Upon this rock (truth revealed/ revelations) I will build my church (people/community) and the very gates of hell will not prevail against it. "Feed my sheep" says the LORD. Sheep will follow, they believe although stumbling, sometimes losing their way, and making mistakes. On the other hand, goats will rebel, butt against and be stubborn not believing no matter what God does, and wolves will eat...and I mean everything you've got! Open your eyes blind man/woman!
- + Our job is to put it out there but still it is God who draws his people to himself and if they are not his, then no matter what we do or say, they will not turn from evil. We are to serve everyone and help make the world better not bitter.
- + We welcome you to hear our message and goal of our mission. See if Kingdom Rights Ministries is a fit for you and if so, come by loved, healed and bring your gifts and talents and return them to God where they belong and use them for his glory. It's plenty of work to do in the kingdom. Let's rebuild our homes, families and communities once again and show the world God's kingdom right here on earth as it is in heaven.

Who We Are

Kingdom Rights Staff Training

- + At our organization, we are committed to providing our members with comprehensive and ongoing spiritual development opportunities. Our members have access to a range of discipleship courses and ministerial training programs that are designed to deepen their knowledge and understanding of our faith and equip them with the necessary skills to serve their communities.
- + To ensure that our members are up-to-date with the latest teachings and practices, we administer an internal test every two years. This test serves as a renewal or licensing and ordination requirement for our members. It is a rigorous exam that covers a wide range of topics, including theology, biblical studies, pastoral care, and leadership.
- + Our members must pass this test to maintain their license or receive their ordination. We take this requirement seriously because we believe that our members should be well-prepared and knowledgeable in their respective ministries. We are committed to continuing our efforts to support our members' spiritual growth and development.

Revival Will Be The Fulfillment

Civil Rights Movement: ("Like" Old Testament) / Kingdom Rights Movement: ("Like" New Testament)

We should let the entire world see there is a God in Birmingham!

- + The City of Birmingham would be to us the converted Gentiles as Jerusalem is to the Jews. Jesus is our savior and Lord, and we know He saved us!
- + The 1950's and 1960's were horrific and challenging times to say the least. Dr King was not perpetrating running this movement without God privately or publicly. He made it clear that it was the power of God that was enable in them as a people to get this job done.
- + They were up against impossible circumstances, so they needed supernatural intervention, which came from God. The results of answered prayers were so evident and powerful that by 1962 the Supreme Court ruled prayer to be removed from public schools.

Revival Will Be The Fulfillment

Civil Rights Movement: ("Like" Old Testament) / Kingdom Rights Movement: ("Like" New Testament)

Revival will be the fulfillment

- + It would be the beginning of our end in this nation. Now, look at our present conditions in our schools and amongst our children because we don't want prayer in school; therefore, it means we don't want God in school which leads us now to an ungodly environment.
- + The church needs to become more transparent about what we have done wrong and what we need to do to fix it. If evil is determined to be evil, then we as the church should be even more determined to fight for good, a Godly place and environment for our children. We say, "we are a nation under God" what God? If Almighty God is not allowed in the schools or public places, if we are not allowed to say Jesus openly without consequences then we are not under God.

Revival Will Be The Fulfillment

Civil Rights Movement: ("Like" Old Testament) / Kingdom Rights Movement: ("Like" New Testament)

Revival will be the fulfillment

- + We are in the **last days** for sure. The Civil Rights Movement was successful because of God, not just people fighting for what was right. Dr King wisely used the pulpit to speak the messages but by no means did he allow anyone to confine his messages behind walls or forbid him to speak openly.
- + August 28, 1963, sixty years ago as of this year 2023, Dr. King would go on to make history with his unprecedented public speech of "I have a dream." God was the center of his message.
- + We need to have an annual public service on the last Sunday of the month of August, compelling us as a people to come back home to the Father. We must admit we are lost without God. We need to find a body of water to baptize anybody and everybody who feels the need to be baptized. We must preach a message of repentance.

Revival Will Be The Fulfillment

Civil Rights Movement: ("Like" Old Testament) / Kingdom Rights Movement: ("Like" New Testament)

Revival will be the fulfillment

- + When the time had come for the fulfillment of prophecy Jesus was born but baptism launched the movement. John was the forerunner of this movement. His messages were simple, "Repent." It was a public display of God calling humanity to repent. The announcement was "The kingdom of heaven is at hand" the condition was cleansed yourselves because the king is coming.
- + We must return to the message of "Repentance "for everyone to receive what God has for us as a people. This year 2023 marks 60 years ago Dr. Martin Luther King was jailed in Birmingham for his God given message. He was not ashamed of the gospel.

Revival Will Be The Fulfillment

- + His message as like John the Baptist was to all who would hear and obey. It was not a private message behind closed doors. When people began to obey John's message the spirit of God made Jesus move from home to the Jordan to be baptized. When we preach this message publicly in the same city known for brutality and injustice, we will have the attention of all who are in need of **REVIVAL. THIS IS NOT ABOUT MONEY OR GREEDY LEADERS BUT GOD'S WILL AND THE SAVING OF A PEOPLE.** Our leaders who have preceded us in life, were our examples of how to submit to God faithfully fighting for what was right for his people.
- + America needs a **REVIVAL!** Money **CANNOT** buy a Revival or persuade Almighty God to visit us. This Kingdom Rights Movement, God is requiring a **REPENTANT HEART!** The right for God to dwell among His people.

Revival Will Be The Fulfillment

We need to set the example of humility to reach the masses. God's eyes are on Birmingham! The city of Birmingham must be the birthplace of this **movement** and **revival**! When we go public to compel the world and church to participate in the movement of returning whole heartedly to God, the rest of the nation and world will hear. We must set the example of repentance and admit **we owe God an apology**.

With all due respect, based on the history of Birmingham seen around the world as the most segregated, hateful, and racist place demonstrated in this country, **do we think it's impossible to be known for the modern movement of love, restoration, and healing by way of Holy Ghost.**

Revival Fulfillment Summary

- Have an annual public service on the last Sunday of the month of August. This should be the One Day the church building would be closed on a Sunday. This is where REVIVAL will breakout if we meet God with a godly sacrifice. We should sing, praise and worship God in spirit and in truth.
- We should reach out to as many men and women of God as possible for the historical event. Everything should be free on this day. We will not accept anything monetary at all, the only offering will be a “Repent” hearts and souls to the Lord. By this we will know that God is truly receiving the offerings of His people. We should fellowship, feed and have refreshments for everyone for free the entire day. Believing God for the impossible.

Revival Fulfillment Summary

- Every, last Sunday of August, we would have an outdoor Service and Baptism at some large body of water and a place to accommodate the service. This will be in commemoration of Dr. King's "I Have a Dream" speech in Washington on August 28, 1963.
- Prayer Intercessors before, during and after the activity.
- Need to find a body of water for baptism and place to accommodate service and festivities for the people. It will be a great and glorious dedication to our God and His cause.
- Food, Beverages, Activities will be free.
- No monetary offering will be accepted, only the living sacrifices of repented hearts will be offered to God. We will strive to collect no money nor spend any on this day in honor of our God.

Revival Fulfillment Summary

- Before and leading up to the activities we should explain baptism, a repentance heart, and our kingdom rights here on earth. Salvation should be our priority, turning the hearts of the people back to God. We are living in the last days and prioritizing saving lives is the mission. We could publicly display this on this day for the whole world to see, “There is a God” present in the city of Birmingham.
- Our purpose and goal is for people to see that we are servants of The Most High God by representing Jesus Christ, and reflecting how much we care for His sheep.
- That we have no hidden agendas. Having a day where we come from behind walls and publicly honor God by giving Him what He came and died for...His people. On this day we don't want MONEY to be a distraction or goal. In the Old Testament the “Burnt Offerings” were one of the most important offerings because there was no doubt as to who received the offering.

Revival Fulfillment Summary

- Giving God the offerings of repentance will in no DOUBT demonstrate that on this day it's all about the will of God and giving Him souls.
- John saw a number in which no man could number. But we also are required to help reach that number of souls to present to God. We are so accustomed to the anointing but oftentimes we need to see the GLORY.
- I believe by doing this we will witness God's Glory. Let's give God the offering He deserves, especially on this day. I believe that the kingdom will be, "at hand, among us and in us" on this day. Let the world see that we as disciples of Jesus Christ are serious about reaching, teaching, and changing the minds of a damaged and lost society.

Revival Fulfillment Summary

- Our message is simply what John the Baptist message was, “REPENT” because the Kingdom of God is available.” We must compel the people to change their minds and change how they think. This was our pastor’s message. We, the sons, and daughters who are the recipients of the sacrifices made by those who have preceded us are responsible for carrying the message of keeping the legacy intact.
- When we leave this world and join our spiritual family, all that will matter, is did we continue the work and do God’s will.
