

# COMMUNITY CONNECTION

## Navigating the Community Mental Health System

**Do you have questions about how you can help your child, loved one or yourself access the community mental health system?** Maybe you would like to learn more about parity and how the community mental health system works in general.

### ***These events are for you if:***

- You are a parent, guardian, family member, or friend of a child or adult child with a serious mental health condition.
- You are a college student who wants to go into social work or public profession.
- You are a social worker, teacher or administrator, in the medical or clinical field, a police officer, attorney or legislator, etc.

The Mental Health Association in Michigan (MHAM) invite you to join us for these in-person, non-partisan events where, together, we will walk through steps to access the community mental health system. Bring your questions and be ready to receive answers and have discussion.

### **Presenter:**

**Marianne Huff, LMSW**

*CEO & President*

*MHAM*
