Repentance and Faith: The Necessary Response to the Gospel – 2  
April 14

**Belonging to Jesus by faith alone**

Being justified has to come from the \_\_\_\_\_ because of the penalty and power of sin in a person's life.

After the resurrection Jesus suddenly started calling His disciples “\_\_\_\_\_”

Adoption means that Christians are brought together into a family relation that \_\_\_\_\_ other ties of blood and ethnicity.

Everyone who belongs to Him receives the \_\_\_\_\_ and experiences new resurrected life which comes from God.

People who belong to Jesus are set apart into God's service and begin to share in His \_\_\_\_\_

His followers who share in His resurrection and holiness are consecrated as God's \_\_\_\_\_ and \_\_\_\_\_.

**How can you be sure that you're a Christian?**

3 tests

1. Confession of right \_\_\_\_\_
2. Obedience to the \_\_\_\_\_ of Jesus

## HOMEWORK

1. When you hear the term 'union with Christ,' what does that mean to you?
2. Being that 'justified' is a legal court term, have you ever had a court pronounce something that you've done as 'justified?' How did it feel? If not, right out how you might imagine that it would feel.
3. How important is it to you that you're being created anew in God's image? What will that look like?
4. What does it mean to you that you've been consecrated into God's service? How important is it to you?
