- Stands will have feeders or corn piles with treestands positioned nearby.
- **NEVER** leave your stand at any time during a hunt.
- This means there will be no stalking and no tracking of any animals without a guide present.

## TAKING YOUR SHOT

Hogs often grow a “plate” over the front quarter of their body that makes effective heart and lung shots difficult.

- Head shots to the ear with a large caliber rifle are the preferred method of harvest.
- Shotguns are not recommended

## MANHOOD DISCUSSIONS

- During our three days together, we will gather as a group to conduct our “Manhood Discussions”
- These discussions are simply an authentic and transparent conversation about dealing with your loss from a Christian perspective.
- Topics may range from the day of their passing, anger, fear of the future, triggers, firsts, family relationships, holidays, dating, re-marriage and dealing with everyday life.
- Every man on the retreat is respectfully asked to be present for discussions.
