

From Now On – Supertramp

Lyrics revised by Ricky Kroeger (We live one way Sunday, and another Mon-Sat)

Monday
Has come around again
I'm in the same old place
The same old faces always watching me

Who knows
How long I'll have to stay
Could be a hundred years
Of sweat and tears the rate that I get paid

Sometimes
I slowly drift away
From all the dull routine
That's with me every day
A fantasy
Will come to me

Diamonds
Are what I really need
I think I'll rob a store
Escape the law and live in Italy

Lately
My luck has been so bad
You know the roulette wheel's
a crooked deal, I'm losing all I had

Soon be
Like a man that's on the run
And live from day to day
Never needing anyone
Play hide and seek
Throughout the week

My life is full of romance

This is crazy can't you see
You for you and me for me
It's not the way it's sposed to be
From now on

He's at work inside of me
A life of love is what I need
There's no other way for me
From now on

You think I'm crazy I can see
This Him in you and Him in me
Leading us to think in "we"
From now on

With Him in us and us in He
(With Him in us and us in He)
In Love and Kindness living free
(In Love and Kindness living free)
That's the way it's got to be

(That's the way it's got to be)
From now on

Destined for eternity
(Destined for eternity)
Us in Him and Him in we
(Us in Him and Him in we)
That's the way it's sposed to be
(That's the way it's sposed to be)
From now on

Got no right for me to be
(Got no right for me to be)
Takin Control of those 'round me
(Takin Control of those 'round me)
It's me for you, and you for me
(It's me for you, and you for me)
Oh oh, from now on

Yes, you know how it can be
(Yes, you know how it can be)
Hearts of Love inside of we
(Hearts of Love inside of we)
It's me for you, and you for me
(It's me for you, and you for me)
Oh oh, from now on
On, on, on

Yes, and one day we will be
(Yes, and one day we will be)
Living in eternity
(Living in eternity)
With the Godhead we will be
(With the Godhead we will be)
Oh oh, from now on

Spare verse?
I don't really need to be
Living in a fantasy
He'll help me live with Him in me
From now on
