

Round and Round: Lyrics by Rick Kroeger, Music from Roller Derby Queen by Jim Croce

E **A7** **B7**
Gonna tell you a story that you won't believe, but I used to live my life barely breathin'. Running oh so hard
A7 **E** **A7**
just to fund my family.

E **A7** **B7**
Workin for the weekend I'd come home late. Then for two days I'd be tryin' to play it my way. Week after
A7 **E** **E7**
week after week, the same old thing.

E **A7**
The kids were all in bed by the time I'd get home. The wife would warm my dinner then leave me alone.
B7 **A7** **E**
I used to love my work, but then it took too much from me.

G **A7** **E**
But now I found my way, yeah the Lord has set me free. From round & round, oh round & round.
G **A7** **B7** **E**
Workin' oh so hard to give my family everything, never had enough oh no, round & round go round & round.
A7 **B7** **A7** **E** **A7**

E **A7**
Running oh so hard to keep up with the fight. Make another buck, then I'd crash for the night.
B7 **A7** **E** **A7**
Wake up in the morning, lookin' for my friend caffeine.
E **A7**
Searchin' everywhere to find some kind of meanin'. I finally realized when my wife said she was leavin'
B7 **A7** **E**
I'd lost my direction but I wouldn't lose my family!

G **A7** **E**
You know that I found my way, now the Lord has set me free. From round & round, oh round & round.
G **A7** **B7** **E**
Workin' everyday to perpetuate the same old things, never had enough oh no, round & round go round &
A7 **B7** **A7** **E** **A7**
round.

E **A7**
He says his yoke is easy, his burden is light. Now that I've been trustin' I've found that he is right.
B7 **A7** **E** **A7**
There's a balance to my life now. I feel like a brand new me!
E **A7**
I-get-home-at-a-decent-hour, my kids say it's great. The wife and I are happy again. Hey! Hey!
B7 **A7** **E**
All the money in the world can't buy me a family

G **A7** **E**
You know that I found my way, now the Lord has set me free. From round & round, oh round & round.
G **A7** **B7** **E**
All the money in the world can't buy you a family, I finally had enough whoa, whoa, I'm livin' now, life's better
A7 **B7** **A7** **E** **E**
now Better now!
