
PERSONAL MINISTRY CONSENT FORM

Jesus People Life Changing Ministries Church (J.P.L.C.M.C.) hereby acknowledges that it is not a professional counseling agency, and does not provide professional psychological, emotional, or legal counseling by anyone on its staff. J.P.L.C.M.C. does not promote itself as an agency which provides professional counseling of any sort. J.P.L.C.M.C. promotes itself and does provide practical spiritual guidance according to the position of the Holy Bible, as it relates to the daily affairs and overall living experiences of "Born-again" Christians.

All persons who are individually ministered to must first sign a consent form which states that they understand that they will receive spiritual guidance according to the Holy Bible and not counseling or personal advice. It is understood before all sessions begin that if professional counseling is sought or needed, the congregant should consult a certified professional counselor or counseling agency.
