PROJECT
HOPE
APARTMENT

HOPE PLAZA - CTC NETWORK INC.

WE STRIVE TO SERVE OTHERS THROUGH COMPASSIONATE MINISTRIES IN JESUS NAME (MATTHEW 25:35-40).

We work closely with leaders to develop creative answers to their current problems. Our approach is rooted in a dedication to excellence and a drive for innovation, ensuring our solutions are tailored to address today's challenges.

FRONTLINE CHAPLAINS INTERNATIONAL

Hope Plaza serves as the Africa and Caribbean Base for FCI.

Basic Chaplaincy Training

Counseling for First Responders

HOPE APARTMENT

We are completing the Hope Apartment, an on-site facility within Hope Plaza intended to minimize travel and accommodation expenses while enabling our team to remain close to the families and children we support. When completed, this apartment will allow us to host visiting staff and volunteers, support short-term mission and ministry trips, and respond more quickly when needs arise.

The apartment upstairs in Hope Plaza is approximately 700 square feet. Renovations are in the final stages, and your support will help us complete the remaining work and furnish the space with the essentials—beds, linens, basic kitchen items, seating, and storage—so it can be used immediately and safely.

We are seeking to raise **\$5,000** to finish the project and furnish the apartment. Every gift—large or small—brings us closer to opening this space and redirecting ongoing lodging expenses toward direct program support.
